**Under the Alien Sky** James M. Bourke, 2010-08-23 Under the Alien Sky is a very different kind of novel from the mainstream fictional genre It is written as an oriental fable which means it has a subtext in addition to its surface story It sets out to paint a picture of a remote and secretive state in the middle of Sulu Sea the Sultanate of Michaeli which is a small island seldom shown on maps and many people in the southeast are unaware of its existence By good chance the writer manages to establish that the Sultanate of Michaeli really exists and he gets the rare opportunity to visit it The story describes his voyage to the island and the odd people and weird events he encounters during his week there Unfortunately this little paradise on earth became a living hell when the Gang of Four sidelined the Sultan and ushered in a reign of stygian gloom The story is essentially about the Southeast Asian way of life as seen by the western visitor The intention is to paint a picture of what it is like living under the alien sky as the writer has done for the past 30 years Under the Alien Sky is a work of fiction based on fact A feature of the book is the comical and satirical subtext which should lift the spirits of the armchair reader especially in the current economic gloom Another feature of the book is the copious end notes which are for those English teachers who have never been beyond Portsmouth or Irish reader who have never been further south than the city of Cork People in the Americas and other parts of the globe travel more widely and may have some knowledge of Southeast Asia even though a former US president could not tell Iraq from Iran Under the Alien Sky is light reading perfect for the long train

journey or holiday reading It has all the ingredients of a good read a stimulating story larger than life characters exotic location and candid observations on the oriental way of life Being based on fact it reads almost like an authentic journal The settings are authentic but the characters are fictional As far as the subtext is concerned the story is an oblique indictment of political intrigue corruption and religious bigotry It attacks shame and hypocrisy as well as stony faced religious zealots In putting the focus on the Sultanate of Michaeli the writer is synthesising the current political situation in any one of a dozen Southeast Asian democracies He exposes the frailty of the ruling class their crass avarice corrupt practices cronyism and their not so subtle methods of silencing all opposition However the characters and events described in the novel are purely Handbook of British North Borneo British North Borneo Chartered Company, 1890 Beyond Bicentennial: Perspectives On Malays Zainul Abidin Rasheed, Wan Hussin Zoohri, Norshahril Saat, 2020-07-24 The year 2019 marks Singapore's Bicentennial milestone since the arrival of Sir Stamford Raffles in Singapore in 1819 It was in anticipation of the arrival of the Bicentennial that this book Beyond Bicentennial Perspectives on Malays was initiated This book is a collection of articles from prominent individuals and academicians that touch not only on the 200 years since the arrival of Raffles but goes back much earlier 720 years earlier when Sang Nila Utama first set foot on the island in 1299 This book hopes to heighten the readers sense of history and to reflect upon how Singapore has journeyed over the last two centuries witnessing the perseverance trials challenges and efforts of Singaporeans and to see how the nation has gone through a transformation from a feudal setting to a cosmopolitan and multi racial society Prior to this book Majulah 50 Years of Malay Muslim Community in Singapore was published in 2016 when Singapore celebrated SG50 an initiative launched to celebrate the nation s 50 years of independence The book highlighted the progress the contributions and the challenges of the community for the past 50 years since Singapore s independence in 1965 Both books can be read hand in hand While Majulah 50 Years of Malay Muslim Community in Singapore called on the community to reflect on the past and to look ahead this book Beyond Bicentennial Perspectives on Malays calls on readers to reflect and re examine the position and contributions of the Malays to Singapore s history and its development as Singapore commemorates its Bicentennial Related Link s Water Gypsies The Palgrave Handbook of Slavic Languages, Identities and Borders Tomasz Kamusella, Motoki Annie Murray, 2004 Nomachi, Catherine Gibson, 2016-04-29 This book analyzes the creation of languages across the Slavophone areas of the world and their deployment for political projects and identity building mainly after 1989 It offers perspectives from a number of disciplines such as sociolinguistics socio political history and language policy Languages are artefacts of culture meaning they are created by people They are often used for identity building and maintenance but in Central and Eastern Europe they became the basis of nation building and national statehood maintenance The recent split of the Serbo Croatian language in the wake of the break up of Yugoslavia amply illustrates the highly politicized role of languages in this region which is also home to most of the world's Slavic speakers This volume presents and analyzes the creation of languages across the

Slavophone areas of the world and their deployment for political projects and identity building mainly after 1989 The overview concludes with a reflection on the recent rise of Slavophone speech communities in Western Europe and Israel The book brings together renowned international scholars who offer a variety of perspectives from a number of disciplines and sub fields such as sociolinguistics socio political history and language policy making this book of great interest to historians sociologists political scientists and anthropologists interested in Central and Eastern Europe and Slavic Studies The Christian Union Henry Ward Beecher, 1879 British Musical Theatre since 1950 Robert Gordon, Olaf Jubin, Millie Taylor, 2016-09-08 This critical introduction to British musical theatre since 1950 is the first book to discuss its post war developments from the perspective of British as opposed to American popular culture The genre is situated within the historical context of post war British society in order to explore the range of forms through which significant sociocultural moments are represented Introductory chapters analyse the way British musicals have responded to social change the forms of popular theatre and music from which they have developed and their originality in elaborating new narrative strategies since the seventies A key feature of the book is its close readings of twelve key works from Salad Days 1954 and Oliver 1960 to global smash hits such as Les Mis rables 1985 and The Phantom of the Opera 1986 and beyond including the latest critical and box office success Matilda 2011 Also analysed are British favourites Blood Brothers 1983 cult shows The Rocky Horror Show 1975 and musicals with a pre existing fan base such as Mamma Mia 1999
