## **Waterfront New York Images Of The 1920s And 30s:**

**Waterfront New York** Aldren Auld Watson, 2012 New York in the twenties and thirties was a bustling and thriving port city. Luxury liners from England, France, and the United States routinely tied up at the piers along the Hudson River, and approaches teemed with all description of watercraft: tugs and barges, ferry, fire and pleasure boats. The docks and piers of the Navy Yard on the East River were alive day and night with cargo and cranes. Aldren entered this paradise when just ten years old, taking walks with his father Ernest, an instructor at Pratt Institute, and like his wife, a practicing artist who had enthusiastically embraced the neighborhood and was determined to record it with his camera. He used the photographs when teaching classes on perspective at Pratt; later his son Aldren would use them as the basis for the watercolors that grace this book. Here then is a New York we will never see again, not the New York of high finance or fashion, but of commerce and industry: of stevedores unloading cargo, of men sitting high on the pulpits of horse-drawn wagons, of breweries and groceries, of hardware and shoe stores, of the Fulton Fish Market and grain elevators, of lemonade stands and kids playing stickball. With author-artist Watson as your tour guide, you'll visit the Wallabout Market on market day, understand how an ocean liner is docked, how a locomotive is stoked, and how a tugboat is maneuvered. You'll see the busiest port in the country on the cusp of transition from horse-drawn to gasoline power, from human to machine labor, from neighborhoods where everyone knew everyone else to the urban anonymity and high-rise density of the present century. To look at this book is to rejoice that this history has been recorded with such sensitivity and artistry, and to recall what America was like when labor was king, foreign imports were unknown, and every block of every neighborhood held new surprises. *New York in Cinematic Imagination* Vojislava Filipcevic Cordes, 2020-06-11 *New York in Cinematic Imagination* is an interdisciplinary study into urbanism and cinematic representations of the American metropolis in the twentieth century. It contextualizes spatial transformations and discourse about New York during the Great Depression and the Second World War, examining both imaginary narratives and documentary images of the city in film. The book argues that alternating endorsements and critiques of the 1920s machine-age city are replaced in films of the 1930s and 1940s by a new critical theory of agitated urban modernity articulated against the backdrop of turbulent economic and social settings and the initial practices of urban renewal in the post-war period. Written for postgraduates and researchers in the fields of film history and urban studies, with 40 black and white illustrations to work alongside the text, this book is an engaging study into cinematic representations of New York City. *Fodor's 25 Best New York [With Laminated Pullout Map]* Kate Sekules, 2012-03-06 With suggested itineraries, walks, and top 25 sights, this edition includes thumbnail information on NYC museum and cultural highlights, as well as excellent restaurant, shopping, and hotel recommendations. Waterfront Phillip Lopate, 2008-12-18 Fusing history, lore, politics, culture, and on-site adventures, esteemed essayist and author Phillip Lopate takes us on an exuberant, affectionate, and eye-opening excursion around Manhattan's shoreline. *Waterfront* captures the ever-changing character of New York in the best way possible on a

series of exploratory walks conducted by one of the city's most engaging and knowledgeable guides. Starting at the Battery and moving at a leisurely pace along the banks of the Hudson and East Rivers, Lopate describes the infrastructures, public spaces, and landmarks he encounters along with fascinating insights into how they came to be. Unpeeling layers of myth and history, he reveals the economic, ecological, and political concerns that influenced the city's development, reporting on everything from the building of the Brooklyn Bridge to the latest projects dotting the shorelines. New York's waterfront has undergone a three-stage reevaluation from the world's largest port to an abandoned, seedy no-man's-land to a highly desirable zone of parks and upscale retail and residential properties, each metamorphosis only incompletely shedding earlier associations. Physically, no area of New York City has changed as dramatically as the shoreline thanks to natural processes and the use of landfill, dredging, and other interventions. Everywhere Phillip Lopate walked on the waterfront, he saw the present as a layered accumulation of older narratives. He set about his task by trying to read the city like a text. One textual layer is the past, going back to the Lenape Indians, Captain Kidd, and Melville's sailors; another is the present, whatever or whoever was popping up in his view at the moment; a third layer contains the constructed environment, the architecture or piers or parks currently along the shore; another layer still is his personal history, the memories recalled by visiting certain spots; yet another consists of the city's incredibly rich cultural record, the literature, films, and artwork that threw a reflecting light on the matter at hand; and finally, there is the invisible or imagined layer, what he thinks should be on the waterfront but is not. *Waterfront* is studded with short diversions where Lopate expounds on some of the greater issues, characters, and sites of Manhattan's shoreline. Be it a revisionist examination of Robert Moses, the effect of shipworms on the city's piers and foundations, the battle over Westway, the dream of public housing, the legacy of Joseph Mitchell, a wonderful passage about the longshoremen, and Elia Kazan's *On the Waterfront*, or the meaning of the World Trade Center, Lopate punctuates this marvelous journey with the sights and sounds and words of a world like no other. A rich and impressive work by an undisputed master stylist, *Waterfront* takes its rightful place next to other literary classics of New York, such as E. B. White's *Here Is New York* and Joseph Mitchell's *Up in the Old Hotel*. It is an unparalleled look at New York's landscape and history and an irresistible invitation to meander along its outermost edges.

*On the Irish Waterfront* James T. Fisher, 2011-01-15

Site of the world's busiest and most lucrative harbor throughout the first half of the twentieth century, the Port of New York was also the historic preserve of Irish-American gangsters, politicians, longshoremen's union leaders, and powerful Roman Catholic pastors. This is the demimonde depicted to stunning effect in Elia Kazan's *On the Waterfront* (1954) and into which James T. Fisher takes readers in this remarkable and engaging historical account of the classic film's backstory. Fisher introduces readers to the real Father Pete Barry, featured in *On the Waterfront*: John M. Pete Corridan, a crusading priest committed to winning union democracy and social justice for the port's dockworkers and their families. A Jesuit labor school instructor, not a parish priest, Corridan was on but not of Manhattan's West Side Irish waterfront. His ferocious advocacy was

resisted by the very men he sought to rescue from the violence and criminality that rendered the port a jungle an outlaw frontier in the words of investigative reporter Malcolm Johnson Driven off the waterfront Corridan forged creative and spiritual alliances with men like Johnson and Budd Schulberg the screenwriter who worked with Corridan for five years to turn Johnson's Pulitzer Prize winning 1948 newspaper expos into a movie Fisher's detailed account of the waterfront priest's central role in the film's creation challenges standard views of the film as a post facto justification for Kazan and Schulberg's testimony as ex communists before the House Committee on Un American Activities On the Irish Waterfront is also a detailed social history of the New York New Jersey waterfront from the rise of Irish American entrepreneurs and political bosses during the World War I era to the mid 1950s when the emergence of a revolutionary new mode of cargo shipping signaled a radical reorganization of the port This book explores the conflicts experienced and accommodations made by an insular Irish Catholic community forced to adapt its economic political and religious lives to powerful forces of change both local and global in scope

*Bengali Harlem and the Lost Histories of South Asian America* Vivek Bald,2013-01-07 Nineteenth century Muslim peddlers arrived at Ellis Island bags heavy with embroidered silks from their villages in Bengal Demand for Oriental goods took these migrants on a curious path from New Jersey's boardwalks into the segregated South Bald's history reveals cross racial affinities below the surface of early twentieth century America

*Waterfront Revolts* Colin John Davis,2003 Davis also documents struggles by New York black and Hispanic longshoremen against union and employer discrimination and shows how the wildcat strikes in both ports altered the balance of power and facilitated the establishment of viable oppositional movements Addressing questions of why dockworkers were such influential and explosive forces in the postwar industrial arena *Waterfront Revolts* reveals how workers and trade unions directly influenced cold war politics the economy and culture even across geographical borders

Jacket **Slumming in New York** Robert M. Dowling,2007 This remarkable exploration of the underbelly of New York City life from 1880 to 1930 takes readers through the city's inexhaustible variety of distinctive neighborhood cultures *Slumming in New York* shows how the city's rich and poor foreign born and native born competed for a voice from such diverse vantage points as the East Side waterfront the Bowery the Tenderloin's black bohemia the Jewish Lower East Side and mythic Harlem Investigating a wide range of New York slumming narratives in which mainstream outsiders write about marginalized urban insiders Robert M Dowling shows how literary works transformed moral threats into cultural treasures

**The Modern Landscapes of Ted Smyth** Rod Barnett,Jacqueline Margetts,2017-01-06 The modern period in landscape architecture is enjoying the fascinated appreciation of scholars and historians in Europe and the Americas and new themes new subjects and new appraisals are appearing This book contributes to the conversation by focusing on the work of a singular designer who spent his entire career in a province of the North Island of New Zealand Ted Smyth practiced an assured landscape modernism without ever seeing the designs of his forebears or his contemporaries working in the UK Europe and the United States Designing in isolation from the mainstream

of modernism and a little after its high tide Smyth produced a series of gardens that provoke a reevaluation of the diffusionist model of influence The book explains and describes the evolution of Smyth s design vocabulary and relates it to the development of tropical landscape modernism in other Asia Pacific sites It shows how a culture of garden modernism can be generated from within a particular locale and highlights Smyth s engagement with M ori design traditions in search of a specific expression of the high modern essentialism of place

**Visualizing Orientalness** Björn A. Schmidt,2017 In the early twentieth century Hollywood was fascinated by the Far East Chinese immigrants however were excluded since 1882 and racism pervaded U S society When motion pictures became the most popular form of entertainment immigration and race were heavily debated topics Visualizing Orientalness is the first book that analyses the significance of motion pictures within these discourses Taking up approaches from the fields of visual culture studies and visual history Bj rn A Schmidt undertakes a visual discourse analysis of films from the 1910s to 1930s The author shows how the visuality of films and the historical discourses and practices that surrounded them portrayed Chinese immigration and contributed to notions of Chinese Americans as a foreign and other race
