Kingdom appearing in Esquire magazine every month Mark Leyner has been giving us up close and personal encounters of the most hilarious kind for over a decade Now in his new novel The Tetherballs of Bougainville Leyner shares with us long last the quintessential coming of age story that every writer at some point is compelled to tell In the novel we meet young Mark Leyner 13 years old to be exact as he waits in a New Jersey prison to witness his father's execution Adolescence is never easy and it just so happens that this junior high schooler is on deadline to turn in a screenplay for which he has already been awarded the Vincent and Lenore DiGiacomo Oshimitsu Polymers America Award And as it was for all of us during our teenage years nothing seems to go as planned Written as autobiography screenplay and movie review The Tetherballs of Bougainville twists three familiar narrative forms into an outlandishly compelling story Leyner's use of the media driven formats brilliantly reflects our secret shameful and hilarious desire to experience our private lives as mass entertainment The Tetherballs of Bougainville skewers and celebrates American pop culture in the late twentieth century Leyner's version of our lives is so deeply funny because it is so painfully true
