Teaching Secondary Mathematics David Rock, Douglas K.

Brumbaugh, 2013-02-15 Solidly grounded in up to date research theory and technology Teaching Secondary Mathematics is a practical student friendly and popular text for secondary mathematics methods courses It provides clear and useful approaches for mathematics teachers and shows how concepts typically found in a secondary mathematics curriculum can be taught in a positive and encouraging way The thoroughly revised fourth edition combines this pragmatic approach with truly innovative and integrated technology content throughout Synthesized content between the book and comprehensive companion website offers expanded discussion of chapter topics additional examples and technological tips Each chapter features tried and tested pedagogical techniques problem solving challenges discussion points activities mathematical challenges and student life based applications that will encourage students to think and do New to the 4th edition A fully revised and updated chapter on technological advancements in the teaching of mathematics Connections to both the updated NCTM Focal Points as well as the new Common Core State Standards are well integrated throughout the text Problem solving challenges and sticky questions featured in each chapter to encourage students to think through everyday issues and possible solutions A fresh interior design to better highlight pedagogical elements and key features A companion website with chapter by chapter video lessons teacher tools problem solving Q As helpful links and resources and embedded graphing calculators

As We Begin: Dispositions of Mind, Learning, and the Brain in Early Childhood Tia Henteleff, 2023-12-15 Beginnings hold power and promise for what is to come As We Begin offers a scholarly yet energizing perspective on the beautiful complexity of teaching and learning during a child's foundational years Henteleff brings together insights from big thinkers in education alongside research from Mind Brain and Education and her own experiences in the classroom to explore the important role of early childhood educators and education in a way that is at once serious conversational and inspiring Explaining and applying important concepts from the science of teaching and learning in practical classroom terms she examines the role of play literacy numeracy creativity and imagination as integrated and essential components of developing a child's intellectual curiosity As We Begin offers ideas rather than prescriptions for a balanced early childhood educational program

Mentoring in STEM Through a Female Identity Lens: Heroes Make a Difference for Women Cecilia (Ceal) D. Craig, 2024-09-24 With the stagnant low percentages of women in STEM careers identifying practices to satisfy the growing need for professionals in those fields is critical to improve recruitment and retention Supportive relationships like mentors and sponsors have been shown to both inspire women to pursue those careers and to help them succeed in them This book explores how developing supportive connections helps students faculty and teachers see STEM professions as being a place for women to grow and succeed Early chapters provide essential mentor characteristics and explore engineering education gender inequity from a teacher's perspective of stereotypes stereotype threat and bias offering culturally relevant teacher mentoring approaches to promote equitable pre college engineering education Middle chapters describe K 12 mentoring programs mentorship initiatives empowering young South African

Women and girls to advance to mathematical related careers programs methods and activities to achieve the desired goal of making young students aspire to become scientists and engagement year round in grades 9 12 combined with 40 years of iterative evaluation created a finely honed enrichment program for low income Black women in urban public high schools A longitudinal undergraduate mentoring program for mentoring early college students in Louisiana provides further insights in that section The final four chapter section describes mentoring programs for professors and teachers reciprocal mentor relationships and role shifting within an informal peer mentoring group differences between mentoring relationships and sponsoring relationships within academia the impact of culturally responsive mentorship CRM on the development and expression of a pre service teacher s woman of science identity and a program that aims to recruit and retain STEM pre service teachers and STEM teachers of color With several longitudinal mentoring programs several programs for women of color this book fills a gap to help grow the numbers of women in STEM *Homeschooling and Libraries* Vera

Gubnitskaia,Carol Smallwood,2020-04-30 As families are looking for better ways to educate their children more and more of them are becoming interested and engaged in alternative ways of schooling that are different separate or opposite of the traditional classroom Homeschooling has become ever more creative and varied as families create custom tailored curricula assignments goals and strategies that are best for each unique child This presents a multitude of challenges and opportunities for information institutions including public academic school and special libraries The need for librarians to help homeschool families become information and media literate is more important than ever This collection of essays provides a range of approaches and strategies suggested by skilled professionals as well as veteran homeschool parents on how to best serve the diverse needs and learning experiences of homeschooled youth It includes information on needs assessments for special needs students gifted students and African American students advice on how to provide support for the families of homeschoolers case studies and information on new technologies that could benefit libraries and the homeschooler populations that they serve **Principal Labs** Megan Kortlandt,Carly Stone,Samantha Keesling,2021-08-27

Megan Kortlandt Carly Stone and Samantha Keesling have developed a flexible structure for collaborative professional learning that they call the principal lab in which K 12 principals learn with and from each other to become better instructional leaders Each chapter walks through the foundational components of a successful principal lab relationship building anchoring experiences observations and feedback and then discusses how to lay the groundwork figure out logistics and plan and structure labs *Principal Labs Strengthening Instructional Leadership Through Shared Learning* combines the latest research in adult learning with the authors practical experience to discuss the qualities of a successful principal lab and provide the tools to build your own It s easy to get started with downloadable reflection and observation templates based on the examples in each chapter As a school principal you have many responsibilities and finding time for your own professional development can be a challenge The approach in this book will help you effectively use your time to connect

with other principals practice and develop feedback skills and ultimately make informed decisions for instructional improvement in your school

Change Anything (Enhanced Edition) Kerry Patterson, Joseph Grenny, David Maxfield, Ron McMillan, Al Switzler, 2011-04-11 A stunning approach to how individuals can not only change their lives for the better in the workplace but also their lives away from the office including but not limited to finding ways to improve one's working relationship with others one's overall health outlook on life and so on For example why is it that 95% of all diet attempts fail Why do New Year's Resolutions last no more than a few days Why can't people with good intentions seem to make consistent and positive strides Based upon the latest research in a number of psychological and medical fields the authors of Change Anything will show that traditional will power is not necessarily the answer to these strivings that people are affected in their behaviors by far more subtle influences Change Anything shows how individuals can come to understand these powerful and influential forces and how to put these forces to work in a positive manner that brings real and meaningful results The authors present an array of everyday examples that will change and truly empower you to reexamine the way you go about your business and life

Developing and Sustaining STEM Programs Across the K-12 Education Landscape Spott, Jessica L., Sobehrad, Lane J., Hite, Rebecca L., 2023-08-30 Locally or individually STEM programs provide additional opportunities to engage K 12 students including those from marginalized groups with the support of STEM outreach organizations through the co construction and implementation of STEM activities during school out of school at home and in the community Research suggests that community engaged partnerships forge relationships that can enhance and sustain K 12 STEM education efforts between K 12 districts and the scholarly community There is a need to highlight community engaged teaching and scholarship produced from partnerships between K 12 school districts and STEM outreach organizations Developing and Sustaining STEM Programs Across the K 12 Education Landscape describes the purpose of the collaboration between K 12 school districts and STEM outreach organizations the STEM activities that participating K 12 students engage in and the impacts on STEM learners that emerge from the partnership Covering topics such as continuous program improvement school industry partnerships and student success this premier reference source is an excellent resource for educational leaders and administrators pre service and in service educators teacher educators researchers and academicians

Doing Educational Research, 2015-01-01 In the second edition of Doing Educational Research we explore a variety of critical issues and methodologies Authors include some of the most influential voices selected from across the spectrum of career disciplines The scholars provide detailed insights into dimensions of the research process that engage both students and experienced researchers with key concepts and recent innovations in the art of doing research The contributors adopt a stance that is practical as it introduces beginning scholars to social inquiry and innovative as it transforms the boundaries of conversations about educational research Doing Educational Research appears at a critical moment in which educational researchers are pushed to align with a pervasive scientism that embraces tenets of crypto positivism The book addresses

logics of inquiry underpinning cutting edge approaches to educational research that extend far beyond limited visions that are presented through the lenses of positivism The chapters explore a variety of methodologies including action research bricolage ethnography hermeneutics historiography media based research psychoanalysis and conversation analysis in a matrix of social theory authentic inquiry critical pedagogy and differences in epistemology ontology and axiology A diverse array of complex topics are presented in accessible forms and will compel both scholars and students **Differentiated**

Science Inquiry Douglas Llewellyn, 2010-10-20 Ignite science learning with standards based differentiated instruction that benefits all students Included are methods for implementation and strategies for successfully managing the differentiated inquiry based classroom *Environments for Multi-Agent Systems* Danny Weyns, H. Van Dyke Parunak, Fabien

Michel, 2005-02-10 This modern field of multi agent systems has developed from two main lines of earlier research its practitioners generally regard it as a form of distributed artificial intelligence whereas some researchers have persistently advocated ideas from the field of artificial life AI agents and their designers usually take the environment for agent interaction as granted From the ALife perspective and for ALife agents the environment for interaction is an active participant in agent dynamics a first class member of the overall systems This book originates from the First International Workshop on Environments for Multi Agent Systems E4MAS 2004 held in New York NY USA in July 2004 as a satellite workshop of AAMAS 2004 The 13 carefully selected reviewed and revised papers presented together with an introductory survey article of close to 50 pages are organized in topical sections on conceptual models language for design and specification simulation and environments mediated coordination and applications **Nazi-Organized Recreation and**

Entertainment in the Third Reich Julia Timpe, 2017-03-01 This book explores the activities of the Nazi regime s vast leisure programme Shortly after coming to power in Germany it began a large scale undertaking to bring happiness and a good life to so called Aryan Germans carried out by the Nazi leisure organization Kraft durch Freude Julia Timpe traces Kraft durch Freude s practices and propaganda from 1933 through the Second World War and analyses Nazi organized sports classes entertainment events and beautification campaigns for industrial sites and the countryside as well as Kraft durch Freude s activities in entertaining German soldiers and concentration camp guards Contributing to newer scholarship which focuses on the integratory force of the Nazi promise of a unified racial community of all Aryan Germans this book highlights that Kraft durch Freude s everyday production of joy was central to Nazism closely connected to the destructive side of the Third Reich and ultimately a major reason for Nazism s success among the German population Mots anglais en contexte
