The Elder Scrolls V Skyrim Atlas David Hodgson, 2017 **The Germanic Heroic Tradition in Video Games** Enrique Torres-Hergueta, 2025-10-03 This monograph examines the appropriation and ludification of the Germanic heroic tradition in video games as a digital medium a process that unfolds on the margins of official discourse about the early Middle Ages The project analyzes the adaptation of medieval material to the video game format through the use of Germanic epic motifs such as the configuration of the hero his conflict with the antagonist and the pursuit of fame and wealth derived from the medieval written sources that inspire them Using narratology the author evaluates the remediation of these narratives in video games as a playful digital and immersive experience **Medievalismo: A Idade Média nos Imaginários Moderno e**

Contemporâneo Lorena da Silva Vargas, 2022-01-31 O que foi a Idade Média Temos acompanhado nas últimas décadas a forte contribuição das mídias na construção e na difusão de um imaginário sobre aquele período histórico que ressurgiu predominantemente parte de contextualizações em discursos, memes e revistas. Em um âmbito internacional a imagem contemporaneamente criada do medieval aparece também em jogos, filmes, livros e séries de amplo consumo, imagem que se adere à cultura e passa a compor a memória histórica. Acompanhando tais manifestações do passado no tempo presente, pesquisas científicas e grupos de estudos vêm se dedicando cada vez mais a esse debate. O termo medievalismo assim pode ser definido como a Idade Média fora da Idade Média, construída a partir dos imaginários das sociedades moderna e contemporânea. Diante disso, esta coletânea a cargo de historiadores de diversas instituições de ensino superior do Brasil e da Espanha propõe discutir de forma crítica e aberta ao público extraacadêmico acerca dos medievalismos e neomedievalismos compreendendo suas formas, usos e propósitos políticos e culturais nas diversas partes do mundo nos últimos séculos.

American/Medieval Goes North Gillian R. Overing, Ulrike Wiethaus, 2019-10-07 One of the great virtues of *American Medieval Goes North* is its wide range of contributors with fascinatingly diverse relationships to the main terms of analysis. There are academic scholars, poets, filmmakers, tribal elders, teachers at various levels; there are Indigenous people, people from settler colonial cultures, expats, immigrants. Their analytic and imaginative encounters with the North catch at the intensely symbolic and political charge of that locus. At a time when Medieval Studies cannot afford to ignore the period, its popular uptake cannot continue with business as usual in the face of white supremacists' brazen appropriations of the Middle Ages, this volume points to new possibilities for grappling with the uneasy relationships between the American and the medieval.

Prof. Carolyn Dinshaw, New York University

Critical Gaming: Interactive History and Virtual Heritage Erik Champion, 2016-03-09 This book explains how designing, playing and modifying computer games and understanding the theory behind them can strengthen the area of digital humanities. This book aims to help digital humanities scholars understand both the issues and also advantages of game design as well as encouraging them to extend the field of computer game studies particularly in their teaching and research in the field of virtual heritage. By looking at re-occurring issues in the design, playtesting and interface of serious games and game-based learning for cultural heritage and interactive history, this book highlights the importance of visualisation and self-learning in game studies and how this can intersect with digital humanities. It also asks whether such theoretical concepts can be applied to practical learning situations. It will be of particular interest to those who wish to investigate how games and virtual environments can be used in teaching and research to critique issues and topics in the humanities, particularly in virtual heritage and interactive history.

The Elder Scrolls IV Peter Olafson, Erik Caponi, 2006 Find Your Path Detailed maps for every part of the world and every major city plus special maps for every key section of the main quest.
