*Psychoanalysis of Evil* Henry Kellerman,2014-07-28 For all our knowledge of psychopathology and sociopathology and despite endless examinations of abuse and torture mass murder and genocide we still don t have a real handle on why evil exists where it derives from or why it is so ubiquitous A compelling synthesis of diverse schools of thought Psychoanalysis of Evil identifies the mental infrastructure of evil and deciphers its path from vile intent to malignant deeds Evil is defined as manufactured in the psyche the acting out of repressed wishes stemming from a toxic mix of harmful early experiences such as abuse and neglect profound anger negative personality factors and mechanisms such as projection This analysis brings startling clarity to seemingly familiar territory that is persons and events widely perceived as evil Strongly implied in this far reaching understanding is a call for more accurate forms of intervention and prevention as the author Reviews representations of evil from theological philosophical and psychoanalytic sources Locates the construction of evil in psychodynamic aspects of the psyche Translates vague abstractions of evil into recognizable concepts Exemplifies this theory with the lives and atrocities of Hitler and Stalin Applies psychoanalytic perspective to the genocides in Turkey Pakistan Cambodia and Rwanda Revisits Hannah Arendt s concept of the banality of evil Psychoanalysis of Evil holds a unique position

in the literature and will gather considerable interest among readers in social psychology psychoanalysis sociology and political anthropology Historians of mass conflict should find it instructive as well

**Gender, Genre, and Race in Post-Neo-Slave Narratives** Dana Renee Horton, 2022-08-16 *Gender Genre and Race in Post Neo Slave Narratives* provides an innovative conceptual framework for describing representations of slavery in twenty first century American cultural productions Covering a broad range of narrative forms ranging from novels like *The Known World* to films like *12 Years a Slave* and the music of Missy Elliott Dana Renee Horton engages with post neo slave narratives a genre she defines as literary and visual texts that mesh conventions of postmodernity with the neo slave narrative Focusing on the characterization of black women in these texts Horton argues that they are portrayed as commodities who commodify enslaved people a fluid and complex characterization that is a foundational aspect of postmodern identity and emphasizes

how postmodern identity restructures the conception of slave owners      **Women in Power** Stephanie McCarter,2024-09-10 Classical stories about women who wield power from the Amazons to Dido to Cleopatra A Penguin Classic There is no other anthology that brings together similar stories of ancient women in power These women threaten male power by stepping into the roles traditionally held by men They command armies exercise sexual autonomy and even dominance speak in public issue laws and subject others even masculine heroes and citizen men to their control All of these stories were written by men and none of them can be read as affirmations or celebrations of women in power They are instead misogynistic tales that aim to shore up masculine authority by exposing the consequences when women rather than men wield it The sexist attitudes voiced in these stories continue to justify women's exclusion from power in our contemporary world Yet despite the fear and suspicion the male authors direct toward these women we can find much to admire in their tales from the coordinated action of the women of Aristophanes's Assemblywomen to Dido's questioning of the male value system that leads Aeneas to abandon her to the righteous anger of Boudicca against sexual violence by men in power to the successful resistance of Amanirenas against Rome's colonial expansion Read differently these tales testify to the long history of women in power and help us forge new paths for female empowerment

**Unsung Women in Somerset: Junior Edition** Helen Pugh,2024-10-01 What have women in Somerset got up to over the years Oh nothing much Apart from worshipping goddesses travelling the world burning down a castle arguing with the queen over swans writing mega popular books fighting against slavery racism voting before women were officially allowed to vote and a few loads of other things And most of these women aren't well known at all Let's change that Come along on a journey from before the Romans came all the way to the mid 1900s to meet women in Somerset who were unrecognised unrewarded and uncelebrated      *Words of Fire* Beverly Guy-Sheftall,2011-07-26 In this pathbreaking collection of articles Dr Beverly Guy Sheftall has taken us from the early 1830s to contemporary times Only since the seventies have black women used the term feminism And yet it is that concept that she uses to bring into the same frame the ideas and analyses of Maria Stewart Sojourner Truth and Frances W E Harper of the early nineteenth century and the work of women such as the late Audre Lorde Barbara Smith and bell hooks who stand on the threshold of the twenty first century She has refused to cut off contemporary African American women from the long line of sisters who have righteously struggled for the liberation of African American women from the dual oppressions of racism and sexism From the epilogue by Johnnetta B Cole President Spelman College The indefatigable Beverly Guy Sheftall has put together a breathtaking sweep of African American feminist thought in one indispensable volume Elizabeth Spelman Professor of Philosophy Smith College

**Freedom of Expression** Glen Newey,2009-03-26 Freedom of expression has long been cherished as a liberal ideal But in the political climate of the new millennium free expression finds itself under assault Muslims greeted the publication by a Danish newspaper of cartoons depicting the prophet Muhammad with outrage The Pope was forced to issue an apology after Muslims denounced his remarks about a Byzantine emperor as anti Islamic Meanwhile in the UK the play Behzti was

cancelled after protests by Sikhs and Christian activists attempted to force the BBC not to screen Jerry Springer the Opera The political establishment as well as religious activists has also tried to gag free speech Moves to ban inciting religious hatred and glorifying acts of terrorism have stirred up political ferment In several jurisdictions Holocaust denial is already outlawed The advent of the internet with its lack of regulation has fuelled long standing feminist concerns about pornography Child pornography has become rampant on the web This collection explores the new challenges to free expression posed by cultural and political conflict and by technological change It asks whether classical and modern liberalism still carry conviction against challenges to liberal orthodoxy The contributors ask how to weigh the claims of free expression against other fundamental rights such as group membership personal privacy and the protection of the public sphere both as a discursive realm and as a cultural space Together they tackle the key questions facing free expression today What does free expression mean in an age of global communications How if at all can it be traded against other goods Can free speech survive given the growing awareness of its costs
