The Dutch Slave Trade, 1500-1850, 2006 Dutch historiography has traditionally concentrated on colonial successes in Asia However the Dutch were also active in West Africa Brazil New Netherland the present state of New York and in the Caribbean In Africa they took part in the gold and ivory trade and finally also in the slave trade something not widely known outside academic circles P C Emmer one of the most prominent experts in this field tells the story of Dutch involvement in the trade from the beginning of the 17th century much later than the Spaniards and the Portuguese and goes on to show how the trade shifted from Brazil to the Caribbean He explains how the purchase of slaves was organized in Africa records their dramatic transport across the Atlantic and examines how the sales machinery worked Drawing on his prolonged study of the Dutch Atlantic slave trade he presents his subject clearly and soberly although never forgetting the tragedy hidden behind the numbers the dark side of the Dutch Golden Age which makes this study not only informative but also very readable

Accounting for Colonialism Richard F. America, 2024-01-17 This book examines qualitatively and quantitatively the exploitation of Africa through six centuries of colonialism and imperialism The contributions build on previous qualitative analyses The chapters introduce new ways to measure some of the coerced income and wealth transfers to Europe and North America through systematic underpayments and overcharges This wealth was wrongfully accumulated using many forms of their abuse of dominance The book provides estimates that will be helpful to understanding the growing debate on reparations This also contributes to rethinking international development assistance policy It helps establish a basis for improved estimates of the gains from past and current practices that worked against African economic social and political institutions and systems This edited volume showcases a variety of scholars with diverse perspectives and establishes for the first time the extent of wrongful benefits and damages from 600 years of international harm to the African continent
