Sleeping With The War:

Awakening to the Great Sleep War Gert Jonke, 2013-01-03 One of the loveliest riddles of Austrian literature is finally available in English translation Gert Jonke's 1982 novel *Awakening to the Great Sleep War* is an expedition through a world in constant nervous motion where reality is rapidly fraying flags refuse to stick to their poles lids slide off of their pots tram tracks shake their stops away like fleas and books abandon libraries in droves Our cicerone on this journey through the possible and impossible is an acoustical decorator by the name of Burgmüller a poetical gentleman the lover of three women able to communicate with birds and at least as philosophically minded as his author Everything has suddenly become so transparent that one can't see through anything anymore This enormously comic and equally melancholic tale is perhaps Jonke's masterwork

Restless in Sleep Country Paul Huebener, 2024-05-14 Sleep and the lack of it is a public obsession and an enormous everyday quandary Troubled sleep tends to be seen as an individual problem and personal responsibility to be fixed by better habits and tracking gadgets but the reality is more complicated Sleep is a site of politics culture and power In *Restless in Sleep Country* Paul Huebener pulls back the covers on cultural representations of sleep to show how they are entangled with issues of colonialism homelessness consumer culture technology and privacy the
