Onward Howard Schultz, 2011-04-20 In 2008 Howard Schultz the president and chairman of Starbucks made the unprecedented decision to return as the CEO eight years after he stepped down from daily oversight of the company and became chairman Concerned that Starbucks had lost its way Schultz was determined to help it return to its core values and restore not only its financial health but also its soul In Onward he shares the remarkable story of his return and the company s ongoing transformation under his leadership revealing how during one of the most tumultuous economic times in history Starbucks again achieved profitability and sustainability without sacrificing humanity Offering readers a snapshot of a moment in history that left no company unscathed the book zooms in to show in riveting detail how one company struggled and recreated itself in the midst of it all The fast paced narrative is driven by day to day tension as conflicts arise and lets readers into Schultz s psyche as he comes to terms with his limitations and evolving leadership style Onward is a compelling candid narrative documenting the maturing of a brand as well as a businessman

Onward represents Schultz's central leadership philosophy. It's not just about winning but the right way to win. Ultimately, he gives readers what he strives to deliver every day: a sense of hope that no matter how tough times get, the future can be just as or more successful than the past. Whatever one defines success to be, through the lens of his personal leadership journey with all of its dizzying ups and agonizing downs, Howard Schultz has written with aching honesty and passion the single most important book on leadership and change for our time and for every generation of leaders. This book is not just recommended reading; it's required.

Warren Bennis, Distinguished Professor of Business, University of Southern California and author of the recently published *Still Surprised: A Memoir of a Life in Leadership*. This sequel to the founding of Starbucks is grittier, more gripping and dramatic, and Schultz's voice is winning and authentic. This is a must-read for anyone interested in leadership, management, or the quest to connect a brand with the consumer.

abstract Starbucks Corporation was founded in 1985 by Howard Schultz The origins of Starbucks reach back to 1971 when the Starbucks Coffee Company was founded by three students in Seattle These students Gerald Baldwin Gordon Bowker and Zev Siegl love coffee and tea And this was the only reason why they set up the Starbucks Coffee Company They just want to bring the best coffee in the world to Seattle This time Starbucks only sold the coffee beans and the according coffee machines and mills In the first ten years four more stores were set up Howard Schultz who was working in a Swedish house ware company this time recognized the development and increasing demand of coffee mills of Starbucks Infected by his interest in this company he started his research in Starbucks He often went to Seattle and always met the founders of Starbucks trying to convince them to employ him Howard Schultz who had no idea about coffee but a lot of knowledge about selling stayed very obstinate and so finally in middle of 1982 he became a manager at Starbucks Since he joined the company he started to learn as much about coffee as he could Inspired from the Italian coffee culture which he got know during a visit in Milan he wanted to introduce a coffee bar culture in the United States After disagreements with his partners he decided to set up his own business So in 1985 he opened his first coffee bar in Seattle Il Giornale To get the capital he needed he spoke to 242 investors 217 declined but the others gave him the money to win the competition together with Starbucks In 1987 he could purchase the Starbucks Coffee Company and most important the brand name that he used for all his stores as Starbucks was a more familiar brand to the Americans When he acquired Starbucks for US 3 8 million the company had already 11 stores and about 100 employees He kept almost all the employees because he also wanted to make Starbucks become a social company So he also paid more than the minimum wage cares for good health insurances and even offered stock options to part time employees So it was no surprise that Starbucks had the lowest fluctuation rate among the restaurant and fast food business sector But today also some ex employees mention that the good and social image of Starbucks is a fallacy as there are long working hours and not many chances to be promoted
