Jason Statham Len Brown, 2011-02-17 Hollywood's favourite action hero After an exhilarating ten years Jason Statham has finally confirmed his place in the Hollywood elite And starring alongside his childhood heroes Stallone Schwarzenegger Willis and Jet Li it is hard to imagine him anywhere else Born in south London Jason Statham has always been an action man As a boy Jason chose not to follow in the footsteps of his parents and instead cultivated his thirst for adrenaline in athletics and diving a skill that took him to the World Championships in 1992 But it was on the athletics track that he was first discovered by a modelling scout for Tommy Hilfiger and French Connection which eventually led Jason to the then fledgling director Guy Ritchie A string of Hollywood blockbusters Lock Stock Revolver Snatch followed But perhaps his best known role came in 2002 when Jason was cast as Frank Martin in The Transporter Statham's background in martial arts defies the norm of the action hero as he performs his own scenes and stunts in some of Hollywood's most death defying action scenes A huge box office hit The Transporter spawned two sequels and has earned the reputation of a cult classic Len Brown's biography is an insightful comprehensive and gripping account of Britain's all action hero

The Classic British Telefantasy Guide Paul Cornell, Martin Day, Keith Topping, 2015-07-30 The Classic British Telefantasy Guide is derived from the second edition of The Guinness Book of Classic British TV with various corrections and a revised introduction to bring it up to date It was written when the Internet barely existed and at a time when few books had been published on the subject This is however by no means a new or completely revised version of the original material too much time has passed and if we were to start reworking and correcting the text now it would probably never be finished Instead Classic British Telefantasy is an electronic reprint of some of the authors earliest work repacked for a new format and perhaps a new age

More Than Just War Charles A. Jones, 2013 This book raises questions about the just war tradition through a critical examination of its revival and by juxtaposing it with a literary phenomenology of war Recent public debate about war has leaned heavily on a just war tradition dating back many centuries This book examines the recent revival of that tradition in the United States and Britain arguing that it is less coherent and comprehensive as an approach to the ethical issues arising from war than is generally supposed and that it is inconsistent in important ways with the theology on which it was originally based A second line of criticism is mounted through close readings of modern texts in English from Britain Australia and the USA that together constitute a more subjective bottom up understanding of the moral dilemmas of military life In this second tradition the task of representing war is seen as more problematic and its rationality more questionable than in just war discourse Works by William Shakespeare Sir Walter Scott James Fennimore Cooper Stephen Crane John Buchan Robert Louis Stevenson Joseph Conrad Tim O'Brien and Kurt Vonnegut are featured The book will be of great

interest to students and scholars of security studies military studies theology and international relations

Rewriting History Dennis Harding,2020 Every generation re writes history in its

own way Re writing History applies Collingwood's dictum to a series of topics and themes some of which have been central to prehistoric and protohistoric archaeology for the past century or more while some have been triggered by more recent changes in technology or social attitudes Some issues are highly controversial like the proposals for the Stonehenge World Heritage sites Others challenge long held popular myths like the deconstruction of the Celts and by extension the Picts Yet some traditional tenets of scholarship have gone unchallenged for too long like the classical definition of civilization itself But why should it matter Surely it is in the order of things that each generation rejects received wisdom and adopts ideas that are radical or might offend previous generations Is this not simply symptomatic of healthy and vibrant debate Or are there grounds for believing that current changes are of a more disquieting character denying the basic assumptions of rational argument and freedom of enquiry and expression that have been the foundation of western scholarship since the eighteenth century Enlightenment Re writing History addresses contemporary concerns about information and its interpretation including issues of misinformation and airbrushing of politically incorrect history Its subject matter is the archaeology of prehistoric and early historic Britain and the changes witnessed over two centuries and more in the interpretation of the archaeological heritage by changes in the prevailing political and social as well as intellectual climate Far from being topics of concern only to academics in ivory towers the way in which seemingly innocuous issues such as cultural diffusion or social reconstruction in the remote past are studied and presented reflects important shifts in contemporary thinking that challenge long accepted conventions of free speech and debate

History vs Hollywood M J Trow, 2024-05-30 Film studios have been making historical movies now for over a century In that time thousands of films have been made covering not just centuries but millennia Did Neanderthal woman really look like Raquel Welch in her bearskin bikini Did 6 000 rebellious slaves claim that they were Spartacus Did Berengaria complain to her husband Richard the Lionheart War war that's all you think about Dick Plantagenet Was El Cid strapped to his horse's saddle to lead his army after he was dead These aren't questions of history they are questions of Hollywood Charlton Heston was a foot too tall for General Charles Gordon John Wayne was a tad too American for Genghis Khan Eric von Stroheim's bald head was an odd choice for the perfectly hirsute Erwin Rommel And Warren Beatty and Fay Dunaway were far too gorgeous for bank robbers Bonnie and Clyde Hollywood never gets it right History and its characters are endlessly complicated and producers directors and screenwriters have a simple story to tell They have a maximum of two hours to explain what happened over weeks or months or years and many of it give it their best shot Yet for all Hollywood's shortcomings in recreating the past it has managed to evoke eras and people long dead in a magical way that has kept millions of us enthralled for generations
