Bolen, 2013-01-15 Put simply it s time for a national update on college fraternities Greek life today makes Animal House look like a Pixar movie The amount of alcohol that is being consumed promiscuous sex that is being enjoyed and intense drug induced raging that is taking place on campuses across the country has quietly reached ridiculous new heights Written with the goal of being the most fun you ve ever had reading a book *Total Frat Move* pulls back the curtain on this world of hard partying American decadence The stories are unabashed They are hilarious And they are going to blow you away You re welcome world

The Benefits of Friends Jana Mathews, 2022-08-02 In 2011 Jana Mathews s career took a surprising turn What began as an effort for a newly minted college professor to get to know her students turned into an invitation to be initiated into a National Panhellenic Conference sorority and serve as its faculty advisor For the next seven years Mathews attended sorority and fraternity chapter meetings Greek Week competitions leadership retreats and mixers and formals She also counseled young men and women through mental health crises experiences of sexual violence and drug and alcohol abuse Combining her personal observations with ethnographic field analysis and research culled from the fields of sociology economics and cognitive psychology this thought provoking book examines how white Greek letter organizations help reshape the conceptual boundaries of society s most foundational relationship categories including friend romantic partner and family Mathews illuminates how organizations manipulate campus sex ratios to foster hookup culture broker romantic relationships transfer intimacy to straight same sex friends and create fictive family units that hoard social and economic opportunity for their members In their idealized form sororities and fraternities function as familial surrogates that tether their members together in economically and socially productive ways In their most warped manifestations however these fictive familial bonds reinforce insularity entrench privilege and at times threaten physical safety

Reconstructing Southern Rhetoric Christina L. Moss, Brandon Inabinet, 2021-11-01 Contributions by Whitney Jordan Adams Wendy Atkins Sayre Jason Edward Black Patricia G Davis Cassidy D Ellis Megan Fitzmaurice Michael L Forst Jeremy R Grossman Cynthia P King Julia M Medhurst Ryan Neville Shepard Jonathan M Smith Ashli Quesinberry Stokes Dave Tell and Carolyn Walcott Southern rhetoric is communication s oldest regional study During its initial invention the discipline was founded to justify the study of rhetoric in a field of white male scholars analyzing significant speeches by other white men yielding research that added to myths of Lost Cause ideology and a uniquely oratorical culture *Reconstructing Southern Rhetoric* takes on the much overdue task of reconstructing the way southern rhetoric has been viewed and critiqued within the communication discipline The collection reveals that southern rhetoric is fluid and migrates beyond geography is constructed in weak counterpublic formation against legitimated power creates a region that is not monolithic and warrants activism and healing Contributors to the volume examine such topics as political campaign strategies memorial and museum experiences television and music influences commemoration protests and ethnographic

experiences in the South The essays cohesively illustrate southern identity as manifested in various contexts and ways considering what it means to be a part of a region riddled with slavery Jim Crow laws and other expressions of racial and cultural hierarchy Ultimately the volume initiates a new conversation asking what southern rhetorical critique would be like if it included the richness of the southern culture from which it came

Blackballed Lawrence Ross, 2025-06-25 College is a word that means many things to many people a space for knowledge a place to gain lifelong friends and an opportunity to transcend one's socioeconomic station Today though this word also recalls a slew of headlines that have revealed a dark and persistent world of racial politics on campus Does this association disturb our idealized visions of what happens behind the ivied walls of higher learning It should because campus racism on college campuses is as American as college football on Fall Saturdays From Lawrence Ross author of *The Divine Nine* and the leading expert on sororities and fraternities *Blackballed* is an explosive and controversial book that rips the veil off America's hidden secret America's colleges have fostered a racist environment that makes them a hostile space for African American students *Blackballed* exposes the white fraternity and sorority system with traditions of racist parties songs and assaults on black students and the universities themselves who name campus buildings after racist men and women It also takes a deep dive into anti-affirmative action policies and how they effectively segregate predominately white universities providing ample room for white privilege A bold mix of history and the current climate *Blackballed* is a call to action for universities to make radical changes to their policies and standards to foster a better legacy for all students
