Tourism Exemplar Paper 2014:

The Encyclopedia of Sustainable Tourism Carl I. Cater, Brian Garrod, Tiffany Low, 2015-10-01 Tourism is the world's fastest growing industry and impacts globally upon ecology, economies, peoples, cultures, and the built environment. Development therefore must be sustainable and sympathetic in order to preserve the environment and culture it exploits. Despite sustainable tourism being an area of considerable recent interest, there has been no synthesis of the diverse considerations of sustainable tourism and the language and terms particular to this subject. An important resource for researchers of tourism, this reference work defines and explains terms associated with considering and preserving the environment, host peoples, communities, cultures, customs, lifestyles, and social and economic systems. *Tourism, Tradition and Culture* David Harrison, 2020-11-18 David Harrison has contributed to the academic study of tourism over the last 30 years. This book brings together a collection of his published material that reflects the role played by tourism in development both in societies emerging from Western colonialism and in societies previously part of the Soviet system. The overarching theme looks at how promoted as a tool for development, tourism can lead to conflict between competing elites but can also empower groups previously subject to constraint by traditional authorities. Tradition is intensely manipulatable and always reflects power relations. Such pressure on tradition is but one aspect of tourism's wider social impacts. This includes changes in economic and social structure which for many constitute social problems that need to be addressed. At the same time, sustainability, though apparently a worthy aim, can be a problematic concept especially when applied to traditional cultures and may conflict with such ideals as egalitarianism. **Vietnam Tourism** Huong T. Bui, Giang T. Phi, Long H. Pham, Huong H. Do, Andrew Le, Binh Nghiem-Phu, 2022-02-18 Vietnam has experienced rapid growth within its tourism industry during the past decades. This growth is part of Vietnam's opening economy, allowing a wide range of forms of tourism. *Vietnam Tourism Policies and Practices* provides a comprehensive review of tourism development in Vietnam. Part I outlines the history of tourism, the role and involvement of public and private sectors in governance and planning, and the markets for tourism. Part II offers analysis and assessment of various types of tourism in Vietnam, including marine and island, eco-heritage, dark, and community-based tourism. Part III centres on current operational issues of tourism, hotels, and events. Written by scholars with extensive research experience on tourism in Vietnam, this book is a reliable source of reference for students, researchers, and industry practitioners who are interested in modern tourism specifically in Vietnam and Southeast Asia. **European Journal of Tourism Research**, 2017-10-01 The *European Journal of Tourism Research* is an academic journal in the field of tourism published by Varna University of Management, Bulgaria. Its aim is to provide a platform for discussion of theoretical and empirical problems in tourism. Publications from all fields connected with tourism, such as tourism management, tourism marketing, sociology, psychology, tourism geography, political sciences, mathematics, tourism statistics, tourism anthropology, culture, information technologies in tourism, and others, are invited. The journal is open to all researchers. Young researchers
