Congress. House. Committee on Foreign Affairs, 1967 **Tourism Policy-Making in the Context of Contested Wicked Problems** Christof Pforr, Markus Pillmayer, Marion Joppe, Nicolai Scherle, Harald Pechlaner, 2024-08-15 This volume offers insights into pathways towards tourism sustainability analysing current problem solving capabilities and competences of governments to deal with specific tourism policy issues or wicked problems such as the climate emergency tourism mobility indigenous disadvantages the COVID 19 pandemic or the P2P economy *Medical Tourism and Transnational Health Care* D. Botterill, G. Pennings, T. Mainil, 2013-05-18 The phenomenon of transnational health care has grown rapidly over recent years and this book provides a comprehensive landscape of diverse research communities attempts to capture its implications for existing bodies of knowledge in selected aspects of medicine medical ethics health policy and management and tourism studies *Spain in the Age of Mass Tourism, Modernization, and Dictatorship, 1945-1975* Sasha David Pack, 2004 **War Tourism** Bertram M. Gordon, 2018-11-15 As German troops entered Paris following their victory in June 1940 the American journalist William L Shirer observed that they carried cameras and behaved as naive tourists One of the first things Hitler did after his victory was to tour occupied Paris where he was famously photographed in front of the Eiffel Tower Focusing on tourism by German personnel military and civil and French civilians during the war as well as war related memory tourism since War Tourism addresses the fundamental linkages between the two As Bertram M Gordon shows Germans toured occupied France by the thousands in groups organized by their army and guided by suggestions in magazines such as Der

Deutsche Wegleiter fr Paris The German Guide for Paris Despite the hardships imposed by war and occupation many French civilians continued to take holidays Facilitated by the Popular Front legislation of 1936 this solidified the practice of workers vacations leading to a postwar surge in tourism After the end of the war the phenomenon of memory tourism transformed sites such as the Maginot Line fortresses The influx of tourists with links either directly or indirectly to the war took hold and continues to play a significant economic role in Normandy and elsewhere As France moved from wartime to a postwar era of reconciliation and European Union memory tourism has held strong and exerts significant influence across the country

A Righteous Smokescreen Sam Lebovic,2022-01-02 An examination of how the postwar United States twisted its ideal of the free flow of information into a one sided export of values and a tool with global consequences When the dust settled after World War II the United States stood as the world s unquestionably pre eminent military and economic power In the decades that followed the country exerted its dominant force in less visible but equally powerful ways too spreading its trade protocols its media and perhaps most importantly its alleged values In *A Righteous Smokescreen* Sam Lebovic homes in on one of the most prominent yet ethereal of those professed values the free flow of information This trope was seen as capturing what was most liberal about America s self declared leadership of the free world But as Lebovic makes clear even though diplomats and public figures trumpeted the importance of widespread cultural exchange these transmissions flowed in only one direction outward from the United States Though other countries did try to promote their own cultural visions Lebovic shows that the US moved to marginalize or block those visions outright highlighting the shallowness of American commitments to multilateral institutions the depth of its unstated devotion to cultural and economic supremacy and its surprising hostility to importing foreign cultures His book uncovers the unexpectedly profound global consequences buried in such ostensibly mundane matters as visa and passport policy international educational funding and land purchases for embassies Even more crucially *A Righteous Smokescreen* does nothing less than reveal that globalization was not the inevitable consequence of cultural convergence or the natural outcome of putatively free flows of information it was always political to its core

Capital of the World Charlene Mires,2015-04-08 From 1944 to 1946 as the world pivoted from the Second World War to an unsteady peace Americans in more than two hundred cities and towns mobilized to chase an implausible dream The newly created United Nations needed a meeting place a central place for global diplomacy a Capital of the World But what would it look like and where would it be Without invitation civic boosters in every region of the United States leapt at the prospect of transforming their hometowns into the Capital of the World The idea stirred in big cities Chicago San Francisco St Louis New Orleans Denver and more It fired imaginations in the Black Hills of South Dakota

and in small towns from coast to coast Meanwhile within the United Nations the search for a headquarters site became a debacle that threatened to undermine the organization in its earliest days At times it seemed the world's diplomats could agree on only one thing under no circumstances did they want the United Nations to be based in New York And for its part New York worked mightily just to stay in the race it would eventually win With a sweeping view of the United States place in the world at the end of World War II Capital of the World tells the dramatic surprising and at times comic story of hometown promoters in pursuit of an extraordinary prize and the diplomats who struggled with the balance of power at a pivotal moment in history **Memo from Belgium**, 1978 *Competitiveness and Private Sector Development Western Balkans Competitiveness Outlook 2024: Serbia* OECD, 2024-06-26 Inclusive and sustainable economic growth in the six Western Balkan WB6 economies depends on greater economic competitiveness Although the gap is closing gradually the standards of living in WB6 are well below those of the OECD and EU Accelerating the rate of socio economic convergence will require a holistic and growth oriented approach to policy making This is the fourth study of the region formerly under the title Competitiveness in South East Europe and it comprehensively assesses policy reforms in the WB6 economies across 15 policy areas key to strengthening their competitiveness It enables WB6 economies to compare economic performance against regional peers as well as EU OECD good practices and standards and to design future policies based on rich evidence and actionable policy recommendations The regional profile presents assessment findings across five policy clusters crucial to accelerating socio economic convergence of the WB6 by fostering regional co operation business environment skills infrastructure and connectivity digital transformation and greening Economy specific profiles complement the regional assessment offering each WB6 economy an in depth analysis of their policies supporting competitiveness They also track the implementation of the previous 2021 study's recommendations and provide additional ones tailored to the economies evolving challenges These recommendations aim to inform structural economic reforms and facilitate the region's socio economic convergence towards the standards of the EU and OECD **Tourism Policy and International Tourism in OECD Member Countries** Organisation for Economic Co-operation and Development. Committee on Tourism, 1982 *Documents & State Papers* United States Department of State. Office of Public Affairs, 1948 *Law, Practice And Procedure Of Formation, Incorporation And Conversion Of A Company* Dr. K. R. Chandratre, 2021-09-06 Key Features Covers detailed analysis of provisions applicable for formation incorporation and conversion of a company under the Companies Act 2013 Provides comparative position of various topics among Companies Act 2013 and Companies Act 1956 Covers all the procedural compliances pertaining to formation incorporation and conversion of Companies in detail along with several specimens and precedents Each topic covers various English and Indian judicial pronouncements including the landmark judicial pronouncements Covers various issues pertaining to formation incorporation and conversion of a company under the relevant topic Covers 250 model main objects for various businesses **Documents Working Papers** Council of Europe.

Consultative Assembly,1968-01-01 **Documents & State Papers** ,1948 Human Rights and Conflict Julie Mertus,Jeffrey W. Helsing,2006 Human rights and conflict is divided into three parts each capturing the role played by human rights at a different stage in the conflict cycle The State and Cosmopolitan Responsibilities Richard Beardsworth,Garrett Wallace Brown,Richard Shapcott,2019-06-06 This book explores the role that states might play in promoting a cosmopolitan condition as an agent of cosmopolitanism rather than an obstacle to it In doing so the book seeks to develop recent arguments in favour of locating cosmopolitan moral and political responsibility at the state level as either an alternative to or a corollary of cosmopolitanism as it is more commonly understood qua requiring transnational or global bearers of responsibility As a result the contributions in this volume see an on going role for the state but also its transformation perhaps only partially into a more cosmopolitan minded institution instead of a purely national or particularistic one It therefore makes the case that the state as a form of political community can be reconciled with various form of cosmopolitan responsibility In this way the book will address the question of how states in the present and in the future can be better bearers of cosmopolitan responsibilities
