such programmes This could include those engaged in initial teacher training whether experienced practitioners or post graduate students subject mentors now required to support new teachers experienced teachers unfamiliar with the subject who may be required to teach on these programmes and also administrators needing to familiarise themselves with the nature content and delivery of the subject as an innovation to the curriculum Therefore although initially it examines the nature of the industry and raises discussion of issues pertinent to the delivery of related vocational programmes it is essentially a useful resource book with a wealth of information about the exciting curriculum opportunities that the subject presents Through interactive exercises case studies and exemplar resources it provides the reader with a foundation of usable activities to develop a variety of teaching and learning strategies which will enhance their delivery of the Travel and Tourism curriculum

Science Fiction, Disruption and Tourism Ian Yeoman,Una McMahon-Beattie,Marianna Sigala,2021-12-20 This book examines science fiction s theoretical and ontological backgrounds and how science fiction applies to the future of tourism It recreates and invents the future of tourism in a creative and disruptive manner reconceptualising tourism through alternative and quantum leap thinking that go beyond the normative or accepted view of tourism The chapters focusing on areas such as disruption sustainability and technology draw readers into the unknown future of tourism a future that may be disruptive dystopian or utopian The book brings a new theoretical paradigm to the study of tourism in a post COVID 19 world and can be used to explore frame and even form the future of tourism It will capture the imagination and inspire readers to address tourism s challenges of tomorrow
