he'd pay any price to recover the sword he carried for almost a thousand years. It never occurred to me that my freedom might be part of the deal. Between the nasty dungeon, the webs of lies, and the zombie army rising in New Orleans, my hands are way too full to deal with betrayal. Opening the sixth gate is an appointment I can't miss if I don't want the world and myself to burn.

Only this time he arrives at a point when she was Pirate Xena, scourge of all seven seas. He convinces her to take him on as first mate while they investigate a mysterious island named Eden. The Waning Moon Amy Cissell, 2017-06-27. I've been sent on a quest to save two worlds. The cost: the destruction of modern technology. I'm in a race against time to restore magical balance and free passage between Earth and the Fae plane. But with the constant threat of supernatural enemies and my best friend's betrayal, it's hard to trust anyone. I can't tell who will double-cross me next: the powerful mage with her own agenda, the werewolf who shares my bed, or the sexy vampire who once tried to kidnap me. I'm trying to learn everything I can about my magic to keep my friends safe as we search for gate number three. But I feel like an old dog studying a book of new tricks. Maybe they should've found someone else to save the world. I'm trapped between two worlds, two hot guys, a powerful witch, and more supernatural enemies than I can shake a stick at. If I can't figure it out, both worlds are going down, dragging me with them.

The Broken World Amy Cissell, 2018-03-20. To save the magic of two worlds, I must destroy the technology of one. It's been almost a year since a hedge vampire and a douchebag elf woke my Fae magic and heralded the beginning of the end of the world. And what a ride it's been. Nobody told me I'd spend all my time dodging assassins and traitors. But it's not just supernaturals hunting me. Let's add in angry mobs of hateful humans as well. I only need to open two more gates to restore magical balance between the Fae Plane and Earth. But the damage done to the only home I've ever known is tearing Earth apart. The closer I get to my goal, the further I get from the Eleanor who started this quest. If I can't hold onto myself, I might not like who walks away at the end. If I even survive at all.

Opportunity is finally knocking, or is that just the sound of deathwatch beetles?
