Digital Gaming Re-imagines the Middle Ages Daniel T. Kline, 2013-09-11 Digital gaming s cultural significance is often minimized much in the same way that the Middle Ages are discounted as the backward and childish precursor to the modern period Digital Gaming Reimagines the Middle Ages challenges both perceptions by examining how the Middle Ages have persisted into the contemporary world via digital games as well as analyzing how digital gaming translates adapts and remediates medieval stories themes characters and tropes in interactive electronic environments At the same time the Middle Ages are reinterpreted according to contemporary concerns and conflicts in all their complexity Rather than a distinct time in the past the Middle Ages form a space in which theory and narrative gaming and textuality identity and society are remediated and reimagined Together the essays demonstrate that while having its roots firmly in narrative traditions neomedieval gaming where neomedievalism no longer negotiates with any reality beyond itself and other medievalisms creates cultural palimpsests multiply layered trans temporal artifacts Digital Gaming Re imagines the Middle Ages demonstrates that the medieval is more than just a stockpile of historically static facts but is a living subversive presence in contemporary culture

The Routledge Handbook of Fan Video and Digital Authorship Louisa Ellen Stein, Samantha Close, 2025-10-31 This cutting edge collection explores the histories aesthetics and cultural work of fan video across a wide variety of manifestations and genres Editors Louisa Ellen Stein and Samantha Close have assembled an edited collection that showcases the aesthetic diversity and transcultural dynamics at play in fan video as a widespread form The collection explores the relationships between fan video as a set of DIY subcultural authorship forms and the broader evolving popular cultures of digital media looking at how fan video structures and aesthetics influence other popular and commercial forms of digital video In order to do so it examines a wide range of fan video genres and practices including vidding reaction videos self insert TikToks ASMR videos Let s Play videos streams Bilibili videos gif loops fan films crack

videos animatics collection videos deepfakes fake trailers and fan video essays among others It features chapters by a range of scholars working in the intersecting fields of digital media studies fan studies media studies cultural studies audience studies video game studies transcultural studies and videographic studies A field defining collection this Handbook will be of interest to students and scholars of digital media studies fan studies media studies cultural studies videographic studies and beyond
