

"Capa's work is itself the picture of a great heart and an overwhelming compassion. . . . He could photograph motion and gaiety and heart-break. He could photograph thought. He captured a world."

— JOHN SEYMOUR

In paperback for the first time, *Magically Out of Focus* is the classic World War II documentary work of the most gifted photographers who ever lived. Robert Capa arrived in Europe on a photojournalism assignment in 1941, and for the next four years he traveled throughout the embattled continent, documenting the war from the perspective of the men and women of the Allied Forces who befriended, inspired, and captivated him along the way. His photographs are numerous, and his writing is by turns intensely funny and deeply moving. This edition includes more than one hundred photographs, notably Capa's defining images of the Normandy landing, Charnoy and profound. *Magically Out of Focus* is a masterpiece of words and photographs.

Robert Capa was born in Budapest in 1913. As a young man he photographed the Spanish Civil War and established his reputation as one of the greatest war photojournalists in history. On May 21, 1954, Capa was the first American reporter to die in what would become the Vietnam War.

Corinne Capa is Robert Capa's younger brother. A distinguished photojournalist, he founded the International Center of Photography in New York City in 1974.

Richard Wright is the author of *Robert Capa: A Biography*. Together with Corinne Capa, he has edited several books of Robert Capa's photographs.

beautiful reckoning with the life and work of the legendary journalist Ernie Pyle who gave World War II a human face for millions of Americans even as he wrestled with his own demons At the height of his fame and influence during World War II Ernie Pyle s nationally syndicated dispatches from combat zones shaped America s understanding of what the war felt like to ordinary soldiers as no writer s work had before or has since From North Africa to Sicily from the beaches of Anzio to the beaches of Normandy and on to the war in the Pacific where he would meet his end Ernie Pyle had a genius for connecting with his beloved dogfaced grunts A humble man himself plagued by melancholy and tortured by marriage to a partner whose mental health struggles were much more acute than his own Pyle was in touch with suffering in a way that left an indelible mark on his readers While never defeatist his stories left no doubt as to the heavy weight of the burden soldiers carried He wrote about post traumatic stress long before that was a diagnosis In *The Soldier s Truth* acclaimed writer David Chrisinger brings Pyle s journey to vivid life in all its heroism and pathos Drawing on access to all of Pyle s personal correspondence his book captures every dramatic turn of Pyle s war with sensory immediacy and a powerful feel for both the outer and the inner landscape With a background in helping veterans and other survivors of trauma come to terms with their experiences through storytelling Chrisinger brings enormous reservoirs of empathy and insight to bear on Pyle s trials Woven in and out of his chronicle is the golden thread of his own travels across these same landscapes many of them still battle scarred searching for the landmarks Pyle wrote about A moving tribute to an ordinary American hero whose impact on the war is still too little understood and a powerful account of that war s impact and how it is remembered *The Soldier s Truth* takes its place among the essential contributions to our perception of war and how we make sense of it

she argues passionately that looking at such images and learning to see the people in them is an ethically and politically necessary act that connects us to our modern history of violence and probes the human capacity for cruelty. Grappling with critics from Walter Benjamin and Bertolt Brecht to Susan Sontag and the postmoderns and analyzing photographs from such events as the Holocaust, China's Cultural Revolution and recent terrorist acts, Linfield explores the complex connection between photojournalism and the rise of human rights ideals. In the book's concluding section she examines the indispensable work of Robert Capa, James Nachtwey and Gilles Peress and asks how photography should respond to the increasingly nihilistic trajectory of modern warfare. A bracing and unsettling book, *The Cruel Radiance* convincingly demonstrates that if we hope to alleviate political violence we must first truly understand it and to do that we must begin to look. — *Richard Tregaskis* Ray E. Boomhower, 2021-11-15

In the late summer of 1942 more than ten thousand members of the First Marine Division held a tenuous toehold on the Pacific island of Guadalcanal. As American marines battled Japanese forces for control of the island they were joined by war correspondent Richard Tregaskis. Tregaskis was one of only two civilian reporters to land and stay with the marines and in his notebook he captured the daily and nightly terrors faced by American forces in one of World War II's most legendary battles and it served as the premise for his bestselling book *Guadalcanal Diary*. One of the most distinguished combat reporters to cover World War II, Tregaskis later reported on Cold War conflicts in Korea and Vietnam. In 1964 the Overseas Press Club recognized his first person reporting under hazardous circumstances by awarding him its George Polk Award for his book *Vietnam Diary*. Boomhower's riveting book is the first to tell Tregaskis's gripping life story concentrating on his intrepid reporting experiences during World War II and his fascination with war and its effect on the men who fought it. — **Theaters of War** V. Casaregola, 2009-09-28

Historian Vincent Casaregola examines the portrayal of WWII in popular culture and how that portrayal has changed over time. By examining WWII films, literature, theatre and art from the Cold War era, the Vietnam War, the Reagan years and present day he seeks to understand the part played by current politics, events and conflicts. — *Hotel Florida* Amanda Vaill, 2024-03-26

An utterly compelling account of the intrepid and sometimes crazy journalists who risked everything to report on the Spanish Civil War. Amanda Foreman, *New York Times* bestselling author, Madrid 1936. In a city blasted by a civil war that many fear will cross borders and engulf Europe, a conflict one writer will call the decisive thing of the century, six people meet and find their lives changed forever. Ernest Hemingway, his career stalled, his marriage sour, hopes that this war will give him fresh material and new romance. Martha Gellhorn, an ambitious novice journalist hungry for love and experience, thinks she will find both with Hemingway in Spain. Robert Capa and Gerda Taro, idealistic young photographers based in Paris, want to capture history in the making and are inventing modern photojournalism in the process. And Arturo Barea, chief of the Spanish government's foreign press office, and Ilsa Kulcsar, his Austrian deputy, are struggling to balance truth telling with loyalty to their sometimes compromised cause. A struggle that places both of them in peril. Beginning with the cloak and dagger plot that precipitated the first gunshots of the

war and moving forward month by month to the end of the conflict Hotel Florida traces the tangled and disparate wartime destinies of these three couples against the backdrop of a critical moment in history a moment that called forth both the best and the worst of those caught up in it In this noir landscape of spies soldiers revolutionaries and artists the shadow line between truth and falsehood sometimes became faint indeed your friend could be your enemy and honesty could get you or someone else killed Includes 16 pages of black and white photographs 1,000 Books to Read Before You Die James Mustich,2018-10-02 The ultimate literary bucket list THE WASHINGTON POST Celebrate the pleasure of reading and the thrill of discovering new titles in an extraordinary book that is as compulsively readable entertaining surprising and enlightening as the 1 000 plus titles it recommends Covering fiction poetry science and science fiction memoir travel writing biography children s books history and more 1 000 Books to Read Before You Die ranges across cultures and through time to offer an eclectic collection of works that each deserve to come with the recommendation You have to read this But it is not a proscriptive list of the great works rather it is a celebration of the glorious mosaic that is our literary heritage Flip it open to any page and be transfixed by a fresh take on a very favorite book Or come across a title you always meant to read and never got around to Or like browsing in the best kind of bookshop stumble on a completely unknown author and work and feel that tingle of discovery There are classics of course and unexpected treasures too Lists to help pick and choose like Offbeat Escapes or A Long Climb but What a View And its alphabetical arrangement by author assures that surprises await on almost every turn of the page with Cormac McCarthy and The Road next to Robert McCloskey and Make Way for Ducklings Alice Walker next to Izaak Walton There are nuts and bolts too best editions to read other books by the author if you like this you ll like that recommendations and an interesting endnote of adaptations where appropriate Add it all up and in fact there are more than six thousand titles by nearly four thousand authors mentioned a life changing list for a lifetime of reading 948 pages later you still want more THE WASHINGTON POST **Why War** Simon Stander,2015-08-27 This groundbreaking survey explains why war remains predominant in today s world by showing how the spread of nationalism and capitalism has brought about modern warfare It argues that the key explanation for modern conflict which is characterized by violent conflicts between nation states civil war and wars over resources rests in the dialectical relationship between nation states and capitalist modes of production where nations have finite boundaries that capitalism seek to transcend in search of increased profits Discussing issues such as globalization global capitalism North and Latin American continental policies the nature of democracy decolonization and technology and military industrial complexes this unique work challenges common approaches to international relations and peace studies This innovative accessible work provides new insights into the causes and nature of modern war that will appeal to any student concerned with peace and violent conflict within the various fields of international relations political economy peace studies and more *Fear* Robert Peckham,2023-09-07 Extraordinary Ai Weiwei Brilliant Simon Schama Fear has long been a driving force perhaps the driving force of world history a coercive tool
