**James Wolfinger**

## **Standing At Armageddon Book Report:**

*Telling Histories (Volume 1 of 2) (EasyRead Super Large 20pt Edition)* ,      **Running the Rails** James Wolfinger, 2016-06-07 Philadelphia exploded in violence in 1910 The general strike that year was a notable point but not a unique one in a generations long history of conflict between the workers and management at one of the nation s largest privately owned transit systems In *Running the Rails* James Wolfinger uses the history of Philadelphia s sprawling public transportation system to explore how labor relations shifted from the 1880s to the 1960s As transit workers adapted to fast paced technological innovation to keep the city s people and commerce on the move management sought to limit its employees rights Raw violence welfare capitalism race baiting and smear campaigns against unions were among the strategies managers used to control the company s labor force and enhance corporate profits often at the expense of the workers and the city s well being Public service workers and their unions come under frequent attack for being a special interest or a hindrance to the smooth functioning of society This book offers readers a different historically grounded way of thinking about the people who keep their cities running Working in public transit is a difficult job now as it was a century ago The benefits and decent wages Philadelphia public transit workers secured advances that were hard won and well deserved came as a result of fighting for decades against their exploitation Given capital s great power in American society and management s enduring quest to control its workforce it is remarkable to see how much Philadelphia s transit workers achieved      **Telling Histories (Volume 1 of 3) (EasyRead Super Large 24pt Edition)** ,      *Telling Histories* Deborah Gray White, 2008 The field of black women s history gained recognition as a legitimate field of study late in the twentieth century Collecting stories that are both deeply personal and powerfully political *Telling Histories* compiles seventeen personal narratives by leading black women historians at various stages in their careers illuminating how they entered and navigated higher education a world concerned with and dominated by whites and men In distinct voices and from different vantage points the personal histories revealed here also tell the story of the struggle to establish the fields of African American and African American women s history      **Telling Histories (Volume 1 of 2) (EasyRead Super Large 18pt Edition)** ,      **The United States and Latin America** Fredrick B. Pike, 2010-07-05 The lazy greaser asleep under a sombrero and the avaricious gringo with money stuffed pockets are only two of the negative stereotypes that North Americans and Latin Americans have cherished during several centuries of mutual misunderstanding This unique study probes the origins of these stereotypes and myths and explores how they have shaped North American impressions of Latin America from the time of the Pilgrims up to the end of the twentieth century Fredrick Pike s central thesis is that North Americans have identified themselves with civilization in all its manifestations while viewing Latin Americans as hopelessly trapped in primitivism the victims of nature rather than its masters He shows how this civilization nature duality arose from the first European settlers perception that nature and everything identified with it including American Indians African slaves

all women and all children was something to be conquered and dominated This myth eventually came to color the North American establishment view of both immigrants to the United States and all our neighbors to the south

**Bowling Alone: Revised and Updated** Robert D. Putnam, 2020-10-13 The basis for the documentary Join or Die now streaming on Netflix Updated to include a new chapter about the influence of social media and the Internet the 20th anniversary edition of Bowling Alone remains a seminal work of social analysis and its examination of what happened to our sense of community remains more relevant than ever in today's fractured America Twenty years ago Robert D Putnam made a seemingly simple observation once we bowled in leagues usually after work but no longer This seemingly small phenomenon symbolized a significant social change that became the basis of the acclaimed bestseller Bowling Alone which The Washington Post called a very important book and Putnam the de Tocqueville of our generation Bowling Alone surveyed in detail Americans changing behavior over the decades showing how we had become increasingly disconnected from family friends neighbors and social structures whether it's with the PTA church clubs political parties or bowling leagues In the revised edition of his classic work Putnam shows how our shrinking access to the social capital that is the reward of communal activity and community sharing still poses a serious threat to our civic and personal health and how these consequences have a new resonance for our divided country today He includes critical new material on the pervasive influence of social media and the internet which has introduced previously unthinkable opportunities for social connection as well as unprecedented levels of alienation and isolation At the time of its publication Putnam's then groundbreaking work showed how social bonds are the most powerful predictor of life satisfaction and how the loss of social capital is felt in critical ways acting as a strong predictor of crime rates and other measures of neighborhood quality of life and affecting our health in other ways While the ways in which we connect or become disconnected have changed over the decades his central argument remains as powerful and urgent as ever mending our frayed social capital is key to preserving the very fabric of our society

**The New York Times Book Review**, 1987-07 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback

**The Narrative of Hosea Hudson** Hosea Hudson, Nell Irvin Painter, 1994 Oral biography of the African American who was a Communist Party leader in the U S in the 1930s and 1940s

Book Review Digest, 1922

**Storm Over the Bay: the People of Corpus Christi and Their Port** Mary Jo O'Rear, 2009 Since the late 1830s the natural harbor at the mouth of South Texas Nueces River has been a center of regional maritime trade But by the early 1900s a storm of political wrangling cronyism and corruption was threatening to scuttle the city's efforts toward securing a dependable deep water port to attract international commerce to Corpus Christi On September 14 1919 a massive hurricane struck the bay burying the downtown area under ten feet of debris and killing as many as one thousand people The storm left millions of dollars of damage in its wake The citizens of Corpus Christi rather than being demoralized however were galvanized by the disaster In gripping

detail author Mary Jo O Rear chronicles the successful efforts of the newly unified Corpus Christi efforts that culminated in the dedication of the Port of Corpus Christi on September 14 1926 seven years to the day after the storm that devastated the city Storm over the Bay will appeal to readers interested in regional history politics and economics It is a must read for anyone who appreciates Corpus Christi and its colorful past *Exodusters: Black Migration to Kansas After Reconstruction* Nell Irvin Painter,1992-05-17 The first full length scholarly study of this migration and of the forces that produced it David H Donald New York Times Book Review The first major migration to the North of ex slaves *Henry George and the Crisis of Inequality* Edward O'Donnell,2015-06-09 America s remarkable explosion of industrial output and national wealth at the end of the nineteenth century was matched by a troubling rise in poverty and worker unrest As politicians and intellectuals fought over the causes of this crisis Henry George 1839 1897 published a radical critique of laissez faire capitalism and its threat to the nation s republican traditions Progress and Poverty 1879 which became a surprise best seller offered a provocative solution for preserving these traditions while preventing the amassing of wealth in the hands of the few a single tax on land values George s writings and years of social activism almost won him the mayor s seat in New York City in 1886 Though he lost the election his ideas proved instrumental to shaping a popular progressivism that remains essential to tackling inequality today Edward T O Donnell s exploration of George s life and times merges labor ethnic intellectual and political history to illuminate the early militant labor movement in New York during the Gilded Age He locates in George s rise to prominence the beginning of a larger effort by American workers to regain control of the workplace and obtain economic security and opportunity The Gilded Age was the first but by no means the last era in which Americans confronted the mixed outcomes of modern capitalism George s accessible forward thinking ideas on democracy equality and freedom have tremendous value for contemporary debates over the future of unions corporate power Wall Street recklessness government regulation and political polarization **America's Culture of Terrorism** Jeffery A. Clymer,2003 Although the terrorist attacks of 11 September 2001 shocked the world America has in fact confronted terrorism for well over a century With the invention of dynamite in 1866 Americans began to worry about anonymous acts of mass violence in a way that d

**Newcomers, Outsiders, and Insiders** Rodney E. Hero, Sr.,Ronald Schmidt, Sr.,Andrew L. Aoki,Yvette M Alex-Assensoh,2009-12-21 How has the arrival of new racial and ethnic groups affected the political gains of long standing minorities in the United States **Preserving Historic New England** James M. Lindgren,1995-11-09 By the first years of the twentieth century the memory of old time New England was in danger What had once been a land of small towns populated by tradition minded Yankees was now becoming almost unrecognizable with a floodtide of immigrants and the constant change of a modernizing society At the same time cities such as Boston Portsmouth and Salem were bursting at the seams with factories high rises and uncontrollable growth During a period when the Colonial Revival and progressive movements held sway Yankees asserted their influence through campaigns to redefine the meaning of their Anglo American

forebears As part of the reaction the modern preservation movement was founded by William Sumner Appleton Jr a privileged old blooded Bostonian Resisting not simply this avalanche of change but the amateurish romanticism of fellow antiquaries Appleton founded the Society for the Preservation of New England Antiquities in 1910 While examining SPNEA in the context of progressivism Preserving Historic New England focuses on its redefinition of preservation to fit the methodology of science the economy of capitalism and the aestheticism of architecture In so doing preservation not only became a profession defined by those male worlds but remade Yankee memory to accord with the modern corporate order

**Beyond the Gibson Girl** Martha H. Patterson, 2010-10-01 Challenging monolithic images of the New Woman as white well educated and politically progressive this study focuses on important regional ethnic and sociopolitical differences in the use of the New Woman trope at the turn of the twentieth century Using Charles Dana Gibson s Gibson Girls as a point of departure Martha H Patterson explores how writers such as Pauline Hopkins Margaret Murray Washington Sui Sin Far Mary Johnston Edith Wharton Ellen Glasgow and Willa Cather challenged and redeployed the New Woman image in light of other new conceptions the New Negro Woman the New Ethics the New South and the New China As she appears in these writers works the New Woman both promises and threatens to effect sociopolitical change as a consumer an instigator of evolutionary and economic development and for writers of color an icon of successful assimilation into dominant Anglo American culture Examining a diverse array of cultural products Patterson shows how the seemingly celebratory term of the New Woman becomes a trope not only of progressive reform consumer power transgressive femininity modern energy and modern cure but also of racial and ethnic taxonomies social Darwinist struggle imperialist ambition assimilationist pressures and modern decay

**Book 2. «The crew of the Starship Sirius-A reports»** Oris Oris, 1998-01-01 In this book the Pleiadians and Siriusians who are the true spiritual Teachers of mankind gladly share their knowledge with us without which we the earthlings would not be able in the very short time that remains before the Transfiguration to come out of the many thousands of years of hibernation and to make the necessary number of timeless passages in the impermeable thickness of the Collective Consciousness necessary for the so called shift of the paradigm

To Die For Cecilia Elizabeth O'Leary, 2018-06-05 July Fourth The Star Spangled Banner Memorial Day and the pledge of allegiance are typically thought of as timeless and consensual representations of a national American culture In fact as Cecilia O Leary shows most trappings of the nation s icons were modern inventions that were deeply and bitterly contested While the Civil War determined the survival of the Union what it meant to be a loyal American remained an open question as the struggle to make a nation moved off of the battlefields and into cultural and political terrain Drawing upon a wide variety of original sources O Leary s interdisciplinary study explores the conflict over what events and icons would be inscribed into national memory what traditions would be invented to establish continuity with a suitable past who would be exemplified as national heroes and whether ethnic regional and other identities could coexist with loyalty to the nation This book traces the origins development

and consolidation of patriotic cultures in the United States from the latter half of the nineteenth century up to World War I a period in which the country emerged as a modern nation state Until patriotism became a government dominated affair in the twentieth century culture wars raged throughout civil society over who had the authority to speak for the nation Black Americans women s organizations workers immigrants and activists all spoke out and deeply influenced America s public life Not until World War I when the government joined forces with right wing organizations and vigilante groups did a racially exclusive culturally conformist militaristic patriotism finally triumph albeit temporarily over more progressive egalitarian visions As O Leary suggests the paradox of American patriotism remains with us Are nationalism and democratic forms of citizenship compatible What binds a nation so divided by regions languages ethnicity racism gender and class The most thought provoking question of this complex book is Who gets to claim the American flag and determine the meanings of the republic for which it stands

*The Politics of American Religious Identity* Kathleen Flake, 2005-12-15 Between 1901 and 1907 a broad coalition of Protestant churches sought to expel newly elected Reed Smoot from the Senate arguing that as an apostle in the Church of Jesus Christ of Latter day Saints Smoot was a lawbreaker and therefore unfit to be a lawmaker The resulting Senate investigative hearing featured testimony on every peculiarity of Mormonism especially its polygamous family structure The Smoot hearing ultimately mediated a compromise between Progressive Era Protestantism and Mormonism and resolved the nation s long standing Mormon Problem On a broader scale Kathleen Flake shows how this landmark hearing provided the occasion for the country through its elected representatives the daily press citizen petitions and social reform activism to reconsider the scope of religious free exercise in the new century Flake contends that the Smoot hearing was the forge in which the Latter day Saints the Protestants and the Senate hammered out a model for church state relations shaping for a new generation of non Protestant and non Christian Americans what it meant to be free and religious In addition she discusses the Latter day Saints use of narrative and collective memory to retain their religious identity even as they changed to meet the nation s demands

The Enthralling World of E-book Books: A Thorough Guide Unveiling the Benefits of Kindle Books: A Realm of Convenience and Versatility E-book books, with their inherent mobility and simplicity of availability, have liberated readers from the constraints of physical books.
