Dear Parents/Guardians,

Each year, California's Standardized Testing and Reporting (STAR) Program measures your child's progress in meeting California's world-class content standards. These standards describe what all students should know and be able to do at each grade level.

This report shows your child's scores on the STAR Program tests. I encourage you to discuss these results with your child and your child's teachers. Besides giving you valuable information about your child's academic strengths and weaknesses, test scores help us understand how well our schools are doing and how we might do better in the most important job of all — preparing students to succeed in school and beyond.

Keywords: *workplace spirituality, spirituality, spirituality in the workplace, spirituality in the workplace, spirituality in the workplace*

Your child's overall results on the California Standards Tests

Your child's scale scores and performance levels.

View complete ITTSA results at <http://test.sdsos.org> and your student's Accountability Report Card (ARC) at sdsos.org/parentinfo or call for a copy of the ARC at your child's school.

How should I use these STAR Program results?

These results are one of several tests used to follow your child's educational progress. While they provide an important measure, they should be viewed with other available information about your child's achievement, such as classroom tests, assignments, and grades.

These results are also intended to help ensure your child is getting the best possible education. If your child is not performing at the level you would like, please contact our help desk or communicate with your child's teacher in order to help focus on specific areas for improvement.
