STARFLEET COMMAND STARFLEET HEADQUARTERS UNITED FEDERATION OF PLANETS FRANZ JOSEPH UNITED FEDERATION REPRESENTATIVE STARDATE 7512 02 To Ballantine Books Planetary Agents NA USA 10019 1 A printed Terran version of the Starfleet Technical Manual was approved by the Federation Council for release to civilians and civilian auxiliaries on your planet We have reviewed copies of this version as printed by you and wish to assure you and the others that these copies are precisely correct and complete as authorized We believe some of your civilians are confused because they are unfamiliar with the system and arrangement of Technical Orders therefore we offer the following by way of clarification 2 The print out version of the Starfleet Technical Manual as used by the Starfleet Academy is a collection of only those Technical Orders necessary to the indoctrination of new cadets until such time as they become experienced in the use of the data read out stations of Mastercom SFHQ Further the Terran version contains even fewer Technical Orders because of the prohibition of the Prime Directive Neither version is a book of pages as the questioners seem to think nor do they contain all of the technical information stored in the data banks of Mastercom SFHQ Your civilians must understand these technical data banks containallthe knowledge presently known to the United Federation of Planets from all the member planets If it were to be published in book form the sum total would amount to more books than you now have stored in your libraries Obviously this cannot be done It is equally obvious that you cannot have the galactic knowledge of future centuries given to your planet as a gift you must earn it by your own efforts just as others have done 3 In the Terran version the General Index summarizes the subject area groupings by Technical Order number blocks as a part of the total system of classification It does not give the total classification system nor does it indicate whether or not such subject matter is available The Introduction T 0 00 00 06 for instance is not included because it has not been authorized for release at this time Each Section Index lists the Technical Orders currently approved for each section and shows the correct issue by authentication date and amendment code if required Thus a Section Index shows whether or not a particular manual contains the correct issues Those listed with an asterisk may become available in a future print out from Mastercom SFHQ Other Technical Order numbers that are missing do not appear by reason of the prohibition of the Prime Directive or they have not

been approved for release at this time 4 In as gentle and as diplomatic a manner as we may we would like to point out that this confusion is just another example of the many primitive attributes of your planet that prevents its acceptance into the United Federation of Planets at this time in your current calendar But be patient the day will come when your planet will have finally overcome these obstacles and take its place in the intergalactic community of intelligent life forms Live long and prosper

Meet a variety of fascinating new villains, including Dr. Omen, who believes he's created the perfect weapon, a Romulan captain who seeks to destroy an entire species because he fears they will be weapons against Romulans, Roy Moss, who feels he has not received the adulation he deserves, and High Assassin Shil Andrachis, who believes killing is both a gift and a right. Meet others who offer new experiences, such as the Reys of Gullrey, archeologist and musician Dr. Andrea Benar, and Variants, who are genetically altered human stock. Read about a horrid new species, now extinct, and follow Kirk as he becomes a Kh'likt. Delve further into the mysteries surrounding the Probe that nearly destroyed Terra. Take on the Klingons in a new ploy against the Federation. Experience an ice planet almost destroyed when too many of its native marine animals are taken from the seas, and meet the Kitka, who are aware of an intelligent life form known as a kraken, who shares their world. Sail along on the Great Starship Race that pits the resourcefulness of Kirk and crew against the machinations of a Romulan captain. Study how Kirk resolves a near-war situation by reading from the Obirrhat Holy Book. Learn how Kirk, Spock, and McCoy evade the Reborn process on Sanctuary and discover new theories about orphan cultures.
