**Everything but the Coffee** Bryant Simon, 2009-10-20 Everything but the Coffee casts a fresh eye on the world's most famous coffee company looking beyond baristas movie cameos and Paul McCartney CDs to understand what Starbucks can tell us about America Bryant Simon visited hundreds of Starbucks around the world to ask Why did Starbucks take hold so quickly with consumers What did it seem to provide over and above a decent cup of coffee Why at the moment of Starbucks profit generating peak did the company lose its way leaving observers baffled about how it might regain its customers and its cultural significance Everything but the Coffee probes the company's psychological emotional political and sociological power to discover how Starbucks explosive success and rapid deflation exemplify American culture at this historical moment Most importantly it shows that Starbucks speaks to a deeply felt American need for predictability and class standing community and authenticity revealing that Starbucks appeal lies not in the product it sells but in the easily consumed identity it offers

a mafia of building contractors who are destroying the historic areas of the city Another view reveals the city through the eyes of Yusuf Aisha's neighbor increasingly frustrated by the accelerating pace of change As gripping as classic noir nuanced as a Nabokov novel and labyrinthine as the alleys of Mecca itself this brilliant fever dream of a novel masterfully reveals a city and a civilization in all its contradictions at once beholden to brutal customs and uneasily coming to terms with new traditions
