TCU (Telematics Control Unit) **P11-K290G0-02** is manufactured by **ASKEY Corp.** for **Lucid USA, Inc** (aka Lucid Motors) and provides wireless connectivity to LTE/UMTS and Wi-Fi networks for vehicle's Infotainment and Telematics systems. The device also provides location-based services and is capable to download OTA software updates for different functional units of the vehicle.

TCU is installed in the vehicle during manufacturing as a fully pre-configured device, which starts working as soon as power the power is turned on. The device is completely hidden from the vehicle user and does not require any additional configuration.

TCU is mounted in the rear right location of the vehicle and is connected to the vehicle's wiring harness (an assembly of electric cables used for transmission of electric signals and electric power in a vehicle). The device can be accessed for repair and maintenance purposes only by qualified technical service personnel.

TCU location in the vehicle is shown on the drawing below.

LTE and Wi-Fi Antennas are located in the decklid:

FCC Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
