 subtitle say a great deal about the character of this book These are stories about people who inevitably stand out in a crowd

for their personal attributes their ethical standards the ways in which they have coped with great problems and their remarkable achievements Significantly fourteen of the sixteen stories in this book are about people who have in some way contributed to better government Several have worked directly in government others have been teachers and still others have found ways to make contributions Not all the stories are about people in the U S The two stories from Brazil involve people who stayed at home and did their good work there in the other two instances already blossoming careers at home were ended by extreme governmental changes In all cases however these are people who must be admired for their extreme dedication to the highest ideals of service In effect this book can be considered a primer on government that works The two whose stories did not directly concern government contributed mightily to a better society One was a highly productive author who in later years concentrated on children s books and wrote more than 50 of them The other pioneered a wholly different journalistic undertaking the city regional magazine Today these publications are found throughout the country and are distinguished by their design quality and their commitment to the communities they serve

Writing Through the Tween Years Bruce Morgan, Deb Odom, 2005 It s not easy being a tween A lot of us are either in a tunnel or a bridge A lot of us don t know who we are Instead of following Barney s advice we end up doing what popstars do Kelley age 10 No longer little children but not yet teenagers tweens are beginning to see themselves as autonomous while still struggling to understand where they fit in It can also be an awkward time for teachers who cherish the hilarious and poignant personalities of tween writers but feel pressured by a new emphasis on testing in the intermediate grades Many teachers have virtually abandoned writers workshops in favor of formula writing and prompts even though these workshops may be essential for understanding the emerging competencies and personalities of eight to twelve year olds Bruce Morgan and Deb Odom teach together at a school where formula writing and test preparation led to stagnant writing scores student boredom and teacher discouragement They worked with their colleagues in grades 3 6 to make some dramatic changes in their collective writing instruction These changes included a return to their roots as writing workshop teachers but with new twists The teaching staff drew up new common standards for writing assessment and achievement The revised writing programs also involved integrating insights from reading strategy instruction with a renewed emphasis on the basics of writers workshop student choice teacher modeling revision and using quality children s literature as mentor text *Writing Through the Tween Years* documents how teachers can get back to the joys of teaching writing in a literature rich thoughtful environment There may be no better way to understand and reach tween writers
