Teacher Message Report Card:

Teachers' Messages for Report Cards, Grades K - 8 McDonald, Ruggieri, 2014-12-01 This third edition of our best selling resource makes it easy to add a personal touch to each child's report card and to establish positive and effective interaction between home and school. Revised with updated messages for a wide variety of classroom and playground situations, the messages are sorted by topic and are easy to adapt to other communications with parents. It features an easy 6 x 9 take-home size and includes 48 pages.

Writing Effective Report Card Comments Kathy Dickenson Crane, 2007-08 Thoughtful and constructive report card comments can improve parent-teacher communication and student performance. Each book features hundreds of ready-to-use comments in a variety of specific areas in academic performance and personal development. General messages are also included, as well as a robust list of helpful words and phrases.

Teachers' Messages for Report Cards Marie McDonald, 1971 *New Developments in Pupil Report Cards ...* National Education Association of the United States. Department of Superintendence & Research Division, 1934 *Teacher's Messages and Notes Home* Troll Books, 1999-04

Report Cards Wade H. Morris, 2023-09-26 This book tells the story of American education by examining this unique element of student life. The author shows the evolution of how teachers, students, parents, and administrators responded to report cards. Report cards, he shows, were more than just a means by which a school documented each student's department, academic standing, and attendance. They were a tool of control, a microcosm for the changing power dynamics between teachers, parents, and students.

Developing Standards-Based Report Cards Thomas R. Guskey, Jane M. Bailey, 2010 Providing a clear framework, this volume helps school leaders align assessment and reporting practices with standards-based education and develop more detailed reports of children's learning and progress.

Unreal Education: Beyond Report Cards Elaine Mellon, 2012-03-02 This book was written for every parent who has ever struggled with that uneasy, anxious, apprehensive gut feeling: You are convinced something is wrong or perhaps different with your child, but you just can't put your finger on it. You talk to teachers, administrators, anyone who will listen. They suggest this or tell you to do that. You know deep down inside that it probably isn't the solution, but you are not the expert, so you do what you are told. Slowly, the school year goes by, then the next, and the next, and nothing changes. Sometimes you start to feel like you are going crazy, that you are obsessing. This book is for any parent who has lost hope, to know that you are not alone. It is for the parent who needs to ask questions but does not know where to find answers. Most of all, I hope through our story, some parents will feel empowered enough to fight for their child, no matter what it takes, without fear of retribution from their school system. You are your child's best advocate. You need to speak up. Whatever issues you might be having with your child, there is something in our story for everyone. Included are actual emails, transcripts, and more. I want to share the pain, the fear, the joy, the uncertainty, some direction, and hopefully some insight. You must look beyond the report cards, but prepare yourself. You might uncover your own incredible, mind-boggling, unbelievable stories that may seem absurdly unREAL. *Secondary School*
