They will yield effective outcomes for all students including those with disabilities if educators creatively and consistently embrace them and connect them to all of their students.

Reimagining Literacy in the Age of AI Jason D. DeHart, Suriati Abas, Raúl Alberto Mora, Damiana Gibbons Pyles, 2025-04-17. This volume assesses the critical intersection of artificial intelligence AI and literacy education. Drawing on the concept of living literacies, it explores the transformative potential of AI in literacy practices, offering a comprehensive narrative that bridges theoretical frameworks with practical applications. The book goes beyond the conventional understanding of AI literacy as mere technological proficiency. Instead, it positions AI as a catalyst for expansive, inclusive, and multifaceted literacy practices in the digital age. Scholars from different parts of the world examine how AI is not just changing what we read and write, but how we think, create, and express ourselves in a post-human context.

KEY FEATURES

- Explores AI literacy that encompasses critical thinking, ethical reasoning, and creative expression.
- Offers insights into the role of educators and researchers in cultivating AI literacy among learners.
- Discusses how creativity and identity intertwine with AI literacy.
- Suggests practical approaches to integrating AI into classroom instruction across different age groups.

This timely work serves as an essential guide for educators, researchers, and learners by navigating the evolving terrain of literacy in a world increasingly augmented by AI.

Brave New Words Salman Khan, 2024-05-14. A timely masterclass for anyone interested in the future of learning in the AI era. Bill Gates: This book is required reading for everyone who cares about education. Adam Grant: 1 New York Times bestselling author of *Hidden Potential* and *Think Again* and host of the podcast *ReThinking*. Read this book. It's the most fascinating and important account of how AI will transform the way we learn. Walter Isaacson: 1 New York Times bestselling author. From the founder of Khan Academy, the first book on the AI revolution in education, its implications for parenting, and how we can best harness its power for good. Whether we like it or not, the AI revolution is coming to education. In *Brave New Words*, Salman Khan, the visionary behind Khan Academy, explores how artificial intelligence and GPT technology will transform learning and offers a road map for teachers, parents, and students to navigate this exciting and sometimes intimidating new world. A pioneer in the field of education technology, Khan examines

the ins and outs of these cutting edge tools and how they will revolutionize the way we learn and teach For parents concerned about their children s success Khan illustrates how AI can personalize learning by adapting to each student s individual pace and style identifying strengths and areas for improvement and offering tailored support and feedback to complement traditional classroom instruction Khan emphasizes that embracing AI in education is not about replacing human interaction but enhancing it with customized and accessible learning tools that encourage creative problem solving skills and prepare students for an increasingly digital world But Brave New Words is not just about technology it s about what this technology means for our society and the practical implications for administrators guidance counselors and hiring managers who can harness the power of AI in education and the workplace Khan also delves into the ethical and social implications of AI and large language models offering thoughtful insights into how we can use these tools to build a more accessible education system for students around the world
