Since this inaugural first DET conference, the DET conference series has been successfully held in 2004 at Seattle, Washington, USA; in 2006 at Setúbal, Portugal; in 2007 at Bath, England; and in 2008 at Nantes, France. The DET2009 conference continues to bring together international expertise from the academic and industrial fields, pushing forward the boundaries of research knowledge and best practice in digital enterprise technology for design and manufacturing and logistics and supply chain management. Over 120 papers from over 10 countries have been accepted for presentation at DET2009 and inclusion in this Proceedings volume after a stringent refereeing process. On behalf of the organizing and program committees, the Editors are grateful to the many people who have made DET2009 possible: to the authors and presenters, especially the keynote speakers; to those who have diligently reviewed submissions; to members of the International Scientific Committee, Organizing Committee, and Advisory Committee; and to colleagues for their hard work in sorting out all the arrangements. We would also like to extend our gratitude to DET2009 sponsors, co-organizers, and supporting organizations.
