

Meet the Teacher!

Welcome to first grade! I'm Mr. Bacher and I am so happy to meet you! I know this is going to be a great year for all of us to grow and learn together.

Before I became a full time teacher, I was a teaching artist, actor, comedian, and puppeteer. I also work at Camp Liberty here in Jersey City during the summer teaching magic, comedy and puppetry.

I have had the wonderful opportunity to travel quite a bit with all the many things I have been involved in. I have been overseas, and have been to every state in the U.S.A., except for six of them. (You'll have to ask me which ones I'm missing!)

We are going to learn so many great things this year, and I am looking forward to every minute of it!

These are a few of my favorite things:

Movie: The Pink Panther Strikes Again

T.V. Show: Gilligan's Island

Osborn, 2003-10-30 The Language Teachers s Portfolio A Guide for

Professional Development is written for use by both preservice and inservice teachers. It links elements of educational practice and theory that students of education frequently find difficult to assimilate in language teaching. This text purposefully integrates material such as foundations of education, educational psychology, elements of planning and lesson preparation, reflective teaching, and classroom management issues into the reality of the language classroom. Thus, students of world language education are provided a holistic perspective of the challenges required to bring what may seem to be disjointed theoretical information into workable elements of classroom practice. Teacher educators can utilize this text to guide students to use the portfolio as an assessment tool or a project for an instructional development class. The material in the text is designed so that students are able to rely on the text to guide them in preparing many elements of a portfolio, thus freeing educators to devote more classroom time to other topics. It is also useful for programs that have a portfolio as an exit requirement and for teachers who plan to use the portfolio to document their professional development.

Handbook of Instructional Practices for Literacy Teacher-educators Joyce E. Many, 2001-01-01. This volume offers a unique glimpse into the teaching approaches and thinking of a wide range of well-known literacy researchers and the lessons they have learned from their own teaching lives. The contributors teach in a variety of universities, programs, and settings. Each shares an approach he or she has used in a course and introduces the syllabus for this course through personal reflections that give the reader a sense of the theories, prior experiences, and influential authors that have shaped their own thoughts and approaches. In addition to describing the nature of their students and the program in which the course is taught, many authors also share key issues with which they have grappled over the years while teaching their course. Others discuss considerations that were relevant during the preparation of this particular syllabus or describe how it evolved in light of student input. The book is organized by areas within literacy education: reading, English language arts, literature, emergent literacy, content area literacy, literacy assessment, and instruction, literacy and technology, and inquiries into literacy theory and classroom practice. It is accompanied by an interactive Web site: <http://msit.gsu.edu/handbook>. This online resource provides additional information about the authors' courses, including complete syllabi, recommended readings, grading rubrics, and sample assignments. Readers are invited to respond and contribute their own syllabi and teaching experiences to the discourse generated by the volume.
