MEXICAN, CENTRAL AMERICAN, and CARIBBEAN LITERATURE Dorothy Carr,2005-07-22 This pioneering source book is an essential text for high school teachers of ESOL English Spanish and creative writing With background material on the individual countries books by selected authors suggested lesson plans maps and flags Central American and Caribbean Literature is a complete study unit Relational Expertise of Teacher Educators Lorna Shires,2025-02-28 A valuable text for teacher educators including ECT mentors in schools on the topic of relational expertise It provides a critical analysis of current conceptions of the role of teacher educator and a theoretical basis for practice This book provides a concise and clear cultural historical perspective of the expertise of teacher educators The theoretical framework of relational expertise draws upon what matters to both the teacher educator and beginning teacher as they work together on the complex problem of learning to teach It provides a clear basis for their practice and for what happens in their practice signalling a way of understanding how to undertake the role of teacher educator in terms of the professional learning of the beginning teacher

Concepts explored include relational expertise relational agency common knowledge the double move metacommentary and second order practice offering a critique of the deconstruction of the act of teaching into bite size chunks to be memorised Opportunities for critical reflection are also provided throughout the book which speaks to teacher educators directly in terms of suggesting a clear theoretical basis for their expertise and how to enact this in practice *Dual Language Education: Teaching and Leading in Two Languages* David E. DeMatthews, Elena Izquierdo, 2019-05-13 This book provides a comprehensive and interdisciplinary examination of dual language education for Latin o English language learners ELLs in the United States with a particular focus on the state of Texas and the U S Mexico border The book is broken into three parts Part I examines how Latin o ELLs have been historically underserved in public schools and how this has contributed to numerous educational inequities Part II examines bilingualism biliteracy and dual language education as an effective model for addressing the inequities identified in Part I Part III examines research on dual language education in a large urban school district a high performing elementary school that serves a high proportion of ELLs along the Texas Mexico border and best practices for principals and teachers This volume explores the potential and realities of dual language education from a historical and social justice lens Most importantly the book shows how successful programs and schools need to address and align many related aspects in order to best serve emergent bilingual Latino as from preparing teachers and administrators to understanding assessment and the impacts of financial inequities on bilingual learners Peter Sayer The Ohio State University USA

MIGRANT IDENTITIES AND TEACHER TRAINING ANTONIO MEDINA RIVILLA, GUENTER L. HUBER, 2023-02-01 *Educational Psychology* Angela M. O'Donnell, Johnmarshall Reeve, Jeffrey K. Smith, 2011-12-06 Teachers help students learn develop and realize their potential To become successful in their craft teachers need to learn how to establish high quality relationships with their students and they need to learn how to implement instructional strategies that promote students learning development and potential To prepare pre service teachers for the profession the study of educational psychology can help them to better understand their students and better understand their process of teaching Such is the twofold purpose of Educational Psychology to help pre service teachers understand their future students better and to help them understand all aspects of the teaching learning situation The pursuit of these two purposes leads to the ultimate goal of this text namely to help pre service teachers become increasingly able to promote student learning development and potential when it becomes their turn to step into the classroom and take full time responsibility for their own classes

Documentation and Inquiry in the Early Childhood Classroom Linda R. Kroll, Daniel R. Meier, 2017-09-27 *Documentation and Inquiry in the Early Childhood Classroom* explores teacher inquiry reflection and research and the documentation of these processes within a variety of school sites and models Compiling underrepresented inquiry stories from practicing teachers and administrators in early childhood 0 5 classrooms in the San Francisco Bay Area this book highlights the power of the community in supporting professional development for early childhood educators and

the education of young children Important elements addressed include teacher learning children s curricula parent and community communication and equity and social justice for teachers children and families

Transnational Identities and Practices in English Language Teaching Rashi Jain,Bedrettin Yazan,Suresh Canagarajah,2021-07-27 The self inquiries in this edited volume exemplify the dynamism that permeates global ELT wherein English language educators and teacher educators are increasingly operating across blurred national boundaries creating new liminal spaces charting new trajectories crafting new practices and pedagogies constructing new identities and reconceptualizing ELT contexts This book captures the diverse voices of emerging and established ELT practitioners and scholars originally from and or operating in non Western contexts spanning not only the so called non Western peripheries but also peripheries created within the center when certain members are minoritized on the basis of their race language and or place of origin The chapters address a range of related issues occurring at the intersections of personal and professional identities pedagogy and classroom interactions as well as research and professional practices in liminal transnational spaces

Bilingualism and Identity Mercedes Niño-Murcia,Jason Rothman,2008-04-02 Sociolinguists have been pursuing connections between language and identity for several decades But how are language and identity related in bilingualism and multilingualism Mobilizing the most current methodology this collection presents new research on language identity and bilingualism in three regions where Spanish coexists with other languages The cases are Spanish English contact in the United States Spanish indigenous language contact in Latin America and Spanish regional language contact in Spain This is the first comparativist book to examine language and identity construction among bi or multilingual speakers while keeping one of the languages constant The sociolinguistic standing of Spanish varies among the three regions depending whether or not it is a language of prestige Comparisons therefore afford a strong constructivist perspective on how linguistic ideologies affect bi multilingual identity formation

Navigating Teacher Education in Complex and Uncertain Times Carmen I. Mercado,2019-04-04 Carmen I Mercado draws on four decades of seminal research and theory on how American children who come from homes where languages other than English are spoken learn to read and to write in school to reveal aspects of locally responsive planning and adaptations that should be central to any teacher education program that hopes to serve its unique local population base responsibly Mercado uses a range of theoretical lenses particularly those surrounding critical theory the approach designed to deconstruct power relationships in society to capture and explain the complexities of the teaching learning process making visible institutional social and political influences clear She explores an extensive collection of tools and resources for teaching to explore how educators can inform their thinking and shape their own practices to broaden access to people and resources and to influence classroom instruction as school populations becomes increasingly diverse on a global scale through immigration Mercado also shows how self study has been a key aspect of her program s evolution suggesting that teacher education should be informed by teacher educators own investigations into their own programs and processes that each teacher educator ought to be an active reinventor of her own program based on reflection on current data Mercado sensitively draws together the technical and emotional dimensions of learning to teach acknowledging that critical theory can bring up deep often uncomfortable feelings of anger guilt resentment and other responses to unfair conditions However since schools are designed as places of opportunity facing these responses is essential at a time with the feelings of antagonism that characterize the present day world and its conflictual social groups Mercado offers the opportunity to address these facets of educational process in compelling informed ways
