**Some Way Home** David Kenney, Barbara Kenney, 2014-10-01 Based on a true story *Some Way Home* is the account of the handling and healing of Dylan a prototypical foster child He comes into this world a fairly anonymous character and is soon sent wandering through the government's child protection agencies in search for a home He lacks a stable family to hold care or protect him so early on he is subjected to several significant traumas of abuse and abandonment He suffers but strives to survive emotionally until his mental health is challenged to the point of psychosis After Dylan's first short stay in foster care he and his brother move in with their Aunt Patti who wishes to adopt them There Dylan and Patti fall in love Unfortunately Patti is also living with her boyfriend Bruce who becomes the bad daddy Eventually after various episodes of brutality and loss Dylan is permanently removed from Patti and placed into the foster care systems again The narrative continues as Dylan's social worker Adam McDonnell tries to heal his hurt and place him into a safe environment However reality intervenes in the appearance of abnormal behaviors that surface when a child is isolated beaten and confronted by true rejection Distress and the will to survive generate the little boy's desire to earn some value in society Even after a complete deterioration in a disastrous second placement his third placement brings new hope when Dylan learns of love again But this positive period rapidly slips away with an increase in Dylan's impulsive and destructive behaviors that define him as a severe management problem A permanent placement an adoptive home is Dylan's only hope but opportunities look bleak due to the systemic inadequacies of agency work

**Memoirs of Myths and Truths** Carl B. Allen, 2008-07-02 *Memoirs of Myths and Truths* in an Ordinary Pebble's Extraordinary Life We find the author considers himself an ordinary pebble among others of his time who has gone on a desperate search for love and approval But even an ordinary pebbles like him can have an extraordinary life because he is not ordinary from the start finding at an early age confusion and embarrassment regarding whether an accident or his mind makes him that way It's not until into his young adult stream does he discover another reason for his rebel behavior in school and life Which as a reader you'll recognized some problems in the text of the book cover and in the book's written words or spelling or sentence structure

being a struggle You'll see it's not his schooling it's his battle with being dyslexic Yet there is some great writing and inspiration plus the help of a few photos to bring you into his or your memories and times when some myths emerged from stories and some being real truths Pebbles we all are truths are maybe what we think they should be and myths are longer lasting then we may know The author finds himself slowly aware of being in his September years having a sense of belonging to the past and present but a much shorter future With that comes a sense of family and the closeness of friends which has brought him to this place of wonderment that has continued from those wonderful years of youth They have brought him to these joyous thoughts while writing these memoirs and making reflecting on his extraordinary life Starting at first writing this for all his kin and others within that stream surround him but then realize other pebbles of this time can bring back some reflection on these times with a little smile some sadness and reflection too He may have wandered through those youthful years winding through life's paths and finding some running on empty or full or too fast or too slow at the time like the automobiles of the day His nurturing as a child not always satisfying resulted in the building many protective walls around his self Yet like James Dean in East of Eden or Rebel Without a Cause or Giant there was this desperate search for love and approval not always available for many reasons and questionable behavior leading to myths or truths Seeking his own needs while being an ordinary pebble has resulted in finding an extraordinary life There is an expression of views from his heart and mind trying to embrace so much of that extraordinary life that lies hidden deeper within his self and yet always trying to hold and consider that these are parts of his life whether shinning with beauty or happiness or sadness finding only to be viewed as an expression of soul He has tried painting but now the written word in expressing some of those myths spoken truths found within the soul and trusted memories They carry simple but complex myths in the life of an ordinary pebble always amazed by the course of the streams found These memoirs are a reflection of our times history love for the automobile then adding the racing with many encounters with lovers and places that have been traveled that brings this extraordinary life into view The book is about people encountered in his life's stream the persons who have enriched this life and helped him to find out who he is Also that going through this journey gathering memories myths or truths these moments sustained his notion of an ordinary pebble's extraordinary life These events have allowed reflection on moral issues and things that are questionable judgment He hopes that you enjoy this time traveling in this stream Pebbles we are yet we are still the most important part in those stream surrounding us finding most everyone else's lives continue similarly within those same small stream we live in rubbing shoulders and sharing our life's stream with others matter more than we know because as others enrich our lives we can do
