Something Like The Desert:

At the Desert's Green Edge Amadeo M. Rea, 2016-06 Winner of the Society for Economic Botany's Klinger Book Award this is the first complete ethnobotany of the Gila River Pima presented from the perspective of the Pimas themselves *The Bounds of Agency* Carol Rovane, 1997-12-22 The subject of personal identity is one of the most central and most contested and exciting in philosophy Ever since Locke psychological and bodily criteria have vied with one another in conflicting accounts of personal identity Carol Rovane argues that as things stand the debate is unresolvable since both sides hold coherent positions that our common sense she maintains is conflicted so any resolution to the debate is bound to be revisionary She boldly offers such a revisionary theory of personal identity by first inquiring into the nature of persons Rovane begins with a premise about the distinctive ethical nature of persons to which all substantive ethical doctrines ranging from Kantian to egoist can subscribe From this starting point she derives two startling metaphysical possibilities there could be group persons composed of many human beings and multiple persons within a single human being Her conclusions supports Locke's distinction between persons and human beings but on altogether new grounds These grounds lie in her radically normative analysis of the condition of personal identity as the condition in which a certain normative commitment arises namely the commitment to achieve overall rational unity within a rational point of view It is by virtue of this normative commitment that individual agents can engage one another specifically as persons and possess the distinctive ethical status of persons Carol Rovane is Associate Professor of Philosophy at Yale University Originally published in 1997 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Cave Refectory Road** Ian Adams, 2012 A new mode of Christian living is springing to life as groups of individuals and families living in the same geographic area or connected virtually share a simple rule of life Cave Refectory Road explores how traditional monastic life is helping to shape a new flowering of Christian community today It traces the roots of new monasticism and draws on the classic elements of monastic life to suggest how this ancient wisdom learning and spiritual practice might be reinterpreted for new settings A handbook for all who are exploring intentional living its rich and inspiring teaching is clustered around three themes The cave the place of stillness prayer and withdrawal that can inspire a new engagement with the mystery of God The refectory how monastic practices of hospitality can create communities that make a difference in the world The road how the example of the friars can lead to creative and loving engagement with public life **The World of Myrrah Box Set** Autumn M. Birt, 2020-04-12 Unlikely Friends Forbidden Magic An Ancient Punishment Enter the world of Myrrah ruled by the Church of Four Orders Fire Earth Water and Air But

there exists another gift dubbed magic which the Church considers an aberration To be born with the powers of magic is to be condemned to death To be born with the ability to control an element is to be bound to a life serving the Church and obeying its rules The journey begins when Niri a Water Priestess stands against the Church to protect Ria a girl with forbidden magic This act of defiance sparks an epic fantasy adventure that leads four unlikely friends across the breadth of their world to seek answers hidden in the buried archives of the Temple of Dust Secrets from an ancient war and discoveries of hidden power lead to a fight for survival that threatens to tear apart their world What is magic and why does the Church want those who harbor its power exterminated Within the answer to that question lies the seeds of an ancient punishment one that was better left undisturbed As one adventure ends a new one begins This time the stakes are even higher To save their world and the next they must remove all elemental magic Success will destroy elemental magic Failure condemns this world and the next Return to the world of Myrrah with Lavinia Zhao and their companions in the award winning sequel series Games of Fire Six months after a tragic war the heroes face new challenges as old enemies rise and new alliances are tested The Ashanti cursed with lifespans of less than a decade seek to conquer death by gaining control of the spirit realm threatening to burn the world to ashes Lavinia now the Guardian of the Spheres must close the gates to the spirit realm to stop the Ashanti but each closure weakens the elemental magic they need to fight The ultimate battle for the future of Myrrah unfolds as friendships are tested sacrifices are made and the fate of two worlds hangs in the balance This boxset includes both the complete Rise of the Fifth Order Trilogy and the award winning sequel the Games of Fire trilogy plus the Series Companion and Untold Stories a collection of novellas and short stories set in the same world featuring many familiar characters Nominated for Best Book of 2017 and winner of Best Worldbuilding these books will sweep you away to a new world full of magic danger and just a dash of dragons Pick up this exhilarating tale today and discover why readers praise it as the sort of read that reminds us how great fantasy can be and strong characters and a beautiful world hold up a fine story We love Ms Birt s work we only wish we d found her sooner Games of Fire Trilogy Autumn M. Birt, 2018-01-15 Success will destroy elemental magic Failure condemns this world and the next Pick up the award winning series nominated for Best Book of 2017 and winner of Best Worldbuilding and enter a story described as Brilliantly contrived and beautifully executed it reminds us why we love the genre and This was pure magic and Epic Fantasy at its very best Six months after a tragic war the world of Myrrah has found peace But many of the heroes have not When Zhao s reluctant homecoming sparks a battle over the fate of Elementals among his people he calls on his friends for help only to find they are busy with new problems of their own And one has the potential to end all magic For nearly destroying the world in an ancient war the Ashanti were cursed by the Goddess Mhyrah with lifespans of less than a decade To regain normal lives for his people Beh kana the Ashanti King will defy the traditions handed down since the dawn of time even if that means rekindling an ancient feud one that nearly destroyed the world before it fully began His quest to conquer death and gain control of the source of all

elemental magic the spirit realm threatens to burn the world to ashes Lavinia did not seek to be named Guardian of the Spheres when she touched each to gain control of elemental power But now that choice has propelled her to being the key to stopping the Ashanti She controls the gates that allow magic into the world and she must close them to prevent the Ashanti from crossing into the spirit realm and gaining power beyond imagination enough to enslave or destroy the world they once sought to rule But with the closure of each gate an elemental power is lost and those who stand against the Ashanti are less able to fight a threat that seeks control over life and death Welcome back to the world of Myrrah full of elemental magic and epic fantasy adventure The fate of the world hangs in the balance and the sacrifice to save it might be elemental magic Discover this exhilarating tale that has received praise such as It is the sort of read that reminds us how great fantasy can be and Strong characters and a beautiful world hold up a fine story We love Ms Birt s work we only wish we d found her sooner The Games of Fire Trilogy bundle contains all three books of the series Spark of Defiance Fantasia Reviews 2017 nominated book of the Year Gates of Fire Earth and A New Goddess PLUS the Untold Stories of the World of Myrrah that contains novellas and short stories set in the same world and often featuring familiar characters *The Book of Ser Marco Polo, the Venetian* Marco Polo,1875 *Airman* ,1999 **The Railroad Telegrapher** ,1918 *Writing Your Master's Thesis* Lynn P.
