Hughes,2015-03-31 In our age of aggressive evil and apathetic faith the Gospel of Mark resounds with the dynamic power of the Lord Jesus Christ In what is perhaps the most dramatic and action packed of the Synoptic Gospels Mark s writing continues to inspire increased commitment in the church at large His portrayal of Christ as the servant savior takes on fresh relevance in these expositions by respected pastor and author R Kent Hughes With careful exegesis and numerous illustrations the author draws many practical lessons for everyday living and ministry from the text Written to help preachers and Bible teachers communicate God s Word more effectively this engaging commentary covers the entire book of Mark and now includes Scripture quotations drawn from the ESV Bible The book of Hebrews conveys a double dose of spiritual power it not only presents the supremacy of Jesus Christ unlike any other New Testament book but it also repeatedly demands a heart response from the reader No one can study Hebrews and not grow spiritually as he or she comes face to face with God s one and only Son In this insightful commentary readers will find a gold mine of helpful discussion related to a book of the Bible that is easily misunderstood and often overlooked With divisions and outlines that are never forced but flow naturally from the text this updated volume in Crossway s Preaching the Word series will be a great resource for anyone studying or teaching the book of Hebrews Part of the Preaching the Word series Musicmakers of Network Radio Jim Cox,2014-01-10

George Washington and Political Fatherhood Heinz Tschachler,2020-01-31 More than two hundred years after his death George Washington is still often considered the metaphorical father of the United States He was first known as the Father of His Country during his lifetime when the American people bestowed the title upon him as a symbolic act of resistance and rebirth Since then presidents have stood as paternal figureheads for America often serving as moral beacons This book tracks political fatherhood throughout world history from the idea of the pater patriae in Roman antiquity to Martin Luther s Bible translations and beyond Often using George Washington as a paradigm the author explores presidential iconography in the U S propaganda and the role of paternal rhetoric in shaping American sociopolitical history including the results of the 2016 presidential election Television & Cable Factbook ,2003 **Critical connections : communication for the**

future. , MacRae's Michigan State Industrial Directory ,1981 The Working Press of the Nation ,2002 **Tweenhood** Melanie Kennedy,2018-10-30 A powerful female pre adolescent consumer demographic has emerged in tandem with girls

becoming more visible in popular culture since the 1990s Yet the cultural anxiety that this has caused has received scant academic attention In Tweenhood Melanie Kennedy rectifies this and examines mainstream pre adolescent girls films television programmes and celebrities from 2004 onwards including A Cinderella Story 2004 Hannah Montana 2006 and Camp Rock 2008 Her book forges a dialogue between post feminism film and television celebrity and most importantly the figure of the tween Kennedy examines how these media texts which are so key to tween culture address and construct their target audience by helping them to choose an appropriately feminine identity Tweenhood then she argues is transient and a discursive construct whose unpacking highlights the deification of celebrity and femininity within its culture *King of the Cowboys, Queen of the West* Raymond E. White, 2005 For more than sixty years Roy Rogers and Dale Evans personified the romantic mythic West that Americans cherished Blazing a trail through every branch of the entertainment industry radio film recordings television and even comic books the couple capitalized on their attractive personas and appealed to the nation s belief in family values an independent spirit and community Raymond E White presents these two celebrities in the most comprehensive and inclusive account to date Part narrative part reference this impeccably researched highly accessible survey spans the entire scope of Rogers s and Evans s careers and highlights their place in twentieth century American popular culture In a dual biography he shows how Rogers and Evans carefully husbanded their public image and of particular note incorporated their Christian faith into their performances Testifying to both the breadth and the longevity of their careers the book includes radio logs discographies filmographies and comicographies that will delight historians and collectors alike C. S. Lewis and the Inklings Jason Fisher, Mark Hall, Salwa Khoddam, 2015-09-18 This is a unique collection of two of the Inklings and their literary associates views on the negative impacts of technology in various areas of life and the resolution of these impacts through fellowship with others and faith in the Creator Some of these essays offer suggestions on how ensnarement by social media and surrender to modern technology can be countered by surrender to God Other essays also demonstrate how the significant literary craft of these authors can enchant readers and invite them into fairylands from which they return empowered and with a keener spiritual vision to tackle universal and present concerns
