Investigating Lois Lane Tim Hanley,2016-03-01 In a universe full of superheroes Lois Lane has fought for truth and justice for over 75 years on page and screen without a cape or tights From her creation by Jerry Siegel and Joe Shuster in

due to its loyal fans Inspired by shows such as Buffy the Vampire Slayer and going on to influence many shows that followed Supernatural offers insight into how a series can adapt and grow to become a mainstay of primetime television Homicide: Life on the Street Lisa Doris Alexander,2021-09-07 Analysis of race racism and the criminal justice system on Homicide Life on the Street Renowned for its unique visual style Homicide Life on the Street fundamentally changed the police procedural genre The show broke records featured memorable characters and launched careers most notably that of David Simon whose own nonfiction book Homicide A Year on the Killing Streets inspired the series and who went on to create both The Wire and Treme Homicide was an anomaly in the 1990s for its honest and open portrayals and discussions of race and in this TV Milestone Lisa Doris Alexander uses Critical Race Theory as a lens to highlight how the show illustrated the impacts that racial politics can have on policing Homicide is one in a long line of police procedurals that date back to the early days of broadcast television with series such as Dragnet NBC 1951 59 Hawaii Five O CBS 1968 80 and Columbo NBC 1971 78 But because Homicide takes place and was filmed in the majority Black city of Baltimore it makes sense that many of the main and supporting cast are Black This differentiated it from the other shows of its genre and time Chapter 1 discusses the Black starring roles on Homicide in terms of being non stereotypical and both written and performed as well rounded complex characters Chapter 2 focuses on issues of race and racism and their impact on policing Chapter 3 looks at other power dynamics such as class political clout and social standing and how those dynamics intersect with race and the criminal justice system s perceived neutrality In many regards Homicide was ahead of its time Alexander argues that Homicide reflects the politics of the Black Lives Matter movement which in turn highlights the fact that the issues brought up by the movement are long standing and that the series affirms the critiques BLM activists make about the criminal justice system This book shows that the series oftentimes unflinching commentary on the systemic flaws within the criminal justice system not only feels more at home in today s television and political landscape than it did in the 1990s but is just as relevant Fans of the works of David Simon as well as students and scholars of television studies and Critical Race Theory will enjoy this enlightening book

Comaroff,2016-12-05 This new book by the well known anthropologists Jean and John L Comaroff explores the global preoccupation with criminality in the early twenty first century a preoccupation strikingly disproportionate in most places and for most people to the risks posed by lawlessness to the conduct of everyday life Ours in an epoch in which law making law breaking and law enforcement are ever more critical registers in which societies construct contest and confront truths about themselves an epoch in which criminology broadly defined has displaced sociology as the privileged means by which the social world knows itself They also argue that as the result of a tectonic shift in the triangulation of capital the state and governance the meanings attached to crime and with it the nature of policing have undergone significant change also that there has been a palpable muddying of the lines between legality and illegality between corruption and conventional business even between crime and policing which exist nowadays in ever greater hyphenated complicity Thinking through Crime and Policing is therefore an excursion into the contemporary Order of Things or rather into the metaphysic of disorder that saturates the late modern world indeed has become its leitmotif It is also a meditation on sovereignty and citizenship on civility class and race on the law and its transgression on the political economy of representation
