Press, Radio & TV Guide: Australia, New Zealand, and the Pacific Islands ,2000 **Press, Radio and TV Guide: Australia, New Zealand and the Pacific Islands** ,1992 Press Radio and TV Guide Rachel Eddon,2003 **TV Guide** ,2005 *The A to Z of Australian Radio and Television* Albert Moran,Chris Keating,2009-08-04 Australians have become increasingly visible outside of the country as speakers and actors in radio and television their media moguls have frequently bought up foreign companies and people around the world have been able to enjoy such Australian productions as *The Flying Doctors* *Neighbours* and *Kath and Kim* The origins early development and later adaptations of radio and television show how Australia has gone from being a minor and rather parochial player to being a significant part of the international scene *The A to Z of Australian Radio and Television* provides essential facts and information concerning the Australian radio and television industry This is accomplished through the use of a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on directors producers writers actors television and radio series and television and radio stations **Periodicals in Print: Australia, New Zealand & the South Pacific** Isa Australia Staff,1997 **Focus On: 100 Most Popular 21st-century English Actresses** Wikipedia contributors, APAIS 1991: Australian public affairs information service , OECD Health Policy Studies Preventing Harmful Alcohol Use OECD,2021-05-19 One in three adults has engaged in binge drinking at least once in the previous month and one in five teenagers has experienced drunkenness by age 15 Harmful patterns of alcohol consumption have far reaching consequences for individuals society and the economy **Australian national bibliography** ,1961 **Focus On: 100 Most Popular English People of Welsh Descent** Wikipedia contributors, **Meanjin Vol 76, No 3** Meanjin Quarterly,2017-09-18 In these strange times the era of President Donald Trump and the constant contest between truth and political expedience what is the responsibility of the intellectual of the thinker To sit on their hands Or speak out and risk controversy and rebuke Renowned philosopher and public intellectual Raimond Gaita wrestles with this big issue in the spring edition of Meanjin and the result is a major essay *Truth In The Time Of Trump* In the same edition Katharine Murphy considers the trend toward public disengagement with politics while Guy Rundle fills notebook after notebook as France and Britain go to the polls Elsewhere Anson Cameron celebrates the last days of Melbourne s somewhat notorious Gatwick Hotel Scott Stephens charts the socially and morally destructive rise of inequality Robyn Annear fears for a future with nothing but digital records Eleanor Robertson ponders the many meanings of intersectionality Elle Hardy reports on urban America s war with prescription painkillers Damon Young confronts The Punisher s numb rage Steve Dow surveys the parlous state of local TV production and from the Meanjin vaults Miles Franklin considers the work of Henry Lawson There s new fiction from Michael Mohammed Ahmad Liana Skrzypczak Paul Shields and Anthony Lynch and a brace of fresh poetry and memoir **Current Australian Serials** ,1975 **Reconstructing Sexual Ethics** Eady Jay,2025-10-01 Deconstructing purity culture and reconstructing sexual ethics is essential to the survival of the

Christian religion When statistics tell us that approximately 90% of Americans have premarital sex and 87% of Australians believe premarital sex is morally acceptable why do many Christian organizations still promote purity culture It clearly does not work If we are going to talk about healthy sexual expression loving relationships and how to navigate consent we need to do so realistically Reconstructing Sexual Ethics opens up deeply honest and authentic conversations around topics like masturbation pornography consent rape contraception abortion homophobia and queer affirmation exploring how the author has evolved in these and many other areas and challenging the church to do the same Part memoir and part manifesto this book reframes Christian sexual ethics in profoundly important ways elevating the love and grace of God above Evangelical purity culture It has the power to radically transform conversations around various aspects of our sexuality within the Christian religion and broader society Endorsements Reconstructing Sexual Ethics is a courageous compassionate and deeply needed work With honesty theological depth and a commitment to love and justice Eady Jay dismantles harmful purity culture teachings and charts a healthier grace filled path forward This book gives voice to those who have long wrestled with shame and silence and it offers a vision of sexuality that is life giving liberating and faithful Rev Brandan Robertson author of Queer Christian Reclaiming the Bible our Faith and our Place at the Table Eady Jay goes there She transparently and bravely deconstructs and breaks down the oppressive forces of puritanical culture that she was raised with and that are still embedded in mainstream culture today You may or may not agree with everything she has written but we are all better for it Why Because exploring the relationship between faith and sexuality serves to liberate us from centuries of our joy being suppressed and our sexuality being oppressed She writes with abundant grace keen insights and a clear heart for Christ aiming to reform our relationship with our bodies one another and God I have no doubt that her words will illuminate others on a similar journey Chantal McKinney author of Following Jesus Beyond Church Walls This is a book I have always wanted to write and Eady Jay has done it better Gripping accessible and humble in its wrestling with the Scripture tradition and ordinary life her story welcomes readers across the spectrum of faith and sexuality to find inspiration challenge and even affirming echoes of their own experiences Vulnerability and courage write themselves across every page in the unanswered questions honest explorations and uncertain steps that define a journey we all face in learning how to more fully embody the truth we see about God in our diverse expressions of sexuality Dr Kevin Jenson theologian and author of Sacred not Sinful A New Christian Ethic Reconstructing Sexual Ethics is a refreshingly frank yet deeply pastoral reimagining of Christian sexual ethics It affirms the essential dynamics of queerness gender equity and consent offering clarity and compassion for those seeking a more just and loving vision of sexuality Alongside other voices that deepen intersectionality and expand its scope it is an important and thought provoking resource that I highly recommend Jamie Arpin Ricci founder of The Rainbow Well Eady Jay has given us something remarkable in Reconstructing Sexual Ethics With honesty and courage she speaks directly to those who have deconstructed some or all of their faith weaving together deeply personal stories with a thoughtful and

robust theological vision The result is an invitation into a sexual ethic free from the harmful rhetoric of purity culture and grounded instead in freedom dignity and grace Jessica Vanderwyngaard Producer of I Survived I Kissed Dating Goodbye and the Where Do We Go From Here Podcast **Australian Radio Listeners and Television Viewers** Bridget Griffen-Foley,2020-09-29 This lively and accessible book charts how Australian audiences have engaged with radio and television since the 1920s Ranging across both the commercial and public service broadcasting sectors it recovers and explores the lived experiences of a wide cross section of Australian listeners and viewers Offering new perspectives on how audiences have responded to broadcast content and how radio and television stations have been part of the lives of Australians over the past one hundred years this book invites us into the dynamic world created for children by the radio industry traces the operations of radio and television clubs across Australia and uncovers the workings of the Australian Broadcasting Commission s viewers advisory committees It also opens up the fan mail received by Australian broadcasting stations and personalities delves into the complaints files of regulators and teases out the role of participants and studio audiences in popular matchmaking programs **Children & Television** Barrie Gunter,Jill McAleer,2005-07-05 Does violence on TV lead to violent behaviour How can parents influence children s viewing Fears over the effect of television on children have been around since it was invented The recent explosion in the number of channels and new multimedia entertainment lends a new urgency to the discussion This completely revised second edition of Children and Television brings the story of children and television right up to date In addition to presenting the latest research on all of the themes covered in the first edition it includes a discussion of the new entertainment media now available and a new chapter which examines the role of television in influencing children s health related attitudes behaviour Barrie Gunter and Jill McAleer examine the research evidence in to the effects of television on children and their responses to it They conclude that children are sophisticated viewers and control television far more than it controls them **Australian Books** National Library of Australia,1982 Children and Television Barrie Gunter,Jill Gunter,2019-06-17 Does violence on TV lead to violent behaviour How does screen time impact child development What is the effect of advertising on a child s behaviour Twenty years after the publication of the first edition of Children and Television these issues remain as pertinent as ever In the new Classic Edition of this core textbook Gunter and Gunter present research evidence into the effects of television on children and their responses to it This comprehensive work examines a wide range of issues including children s knowledge of television and how it impacts social roles aggressive behaviour advertising health orientation and both good and bad behaviour and concludes that children are sophisticated viewers and control television far more than it controls them The Classic Edition includes a new preface to the current context of the book exploring the emergence of new TV channels enhanced home recording capacity archiving and streaming services replacing traditional forms of viewing with non linear viewing and their impact on children This book is essential reading for postgraduate and undergraduate students taking
