

Fisher Model 500 Sonic Dismembrator

Ideal for preparing samples for soil extractions.

Compact, programmable and easy to operate. Disrupts cells, extracts samples, reduces particle sizes, accelerates chemical reactions, and mixes and dissolves particles in solutions. Microprocessor controller allows strict adherence to the most exacting protocols.

Programmable 30-level hard memory provides the reproducibility needed for a wide range of applications.

Program each step directly into hard memory. Because the instrument stores up to 30 programs at once, several operators can store their protocols for reuse. Run durations can be set from 1.0 second to 10 hours, and pulsing sequences in both ON/OFF modes.

Easy-to-read LCD screen with user prompts makes the unit easy to use in any of its five modes—continuous, timed, pulsed, timed/pulsed or temperature. Front-panel screen displays power output, parameter settings, alarms and messages. Can be programmed in English, Spanish, Italian, German or French.

Automatic overload feature protects intricate circuitry and reduces costly downtime. Plus, the Model 500 is backed by a full two-year warranty.

A digital integrating timer permits timing of ultrasonic energy applied in 1-second increments from 1 second to 10 hours. Total desired processing time is set on a pressure-sensitive keypad; selected processing time and actual total elapsed processing time are displayed. A START/STOP control initiates or reinitiates timed sonication, while a PAUSE control allows manual pulsing or delay. Total preset time of active sonication is unaffected by pauses or pulsing.

Parallel printer and serial interfaces with an I/O connector allow connection to any computer and printing to any printer (with date stamp and parameters).

Accessories increase processing volume, reduce noise. Choose titanium alloy horns and tips in a wide range of sizes for efficient processing of volumes up to 1L, and a soundproof enclosure for eliminating processing noise and ensuring quiet operation.

Ordering Information. Supplied with generator, converter, 1/2 in. tapered horn with one full tip, wrench set and owner's manual.
