immortalized them it will expose the influential and active part they have played in contributing to the artwork they inspired and explore the various ways people have subverted stereotypical muse roles From job supervisors to homeless men in Harlem Muse will reveal the unexpected overlooked and forgotten models of art history Through the stories of thirty remarkable lives from performing muses to muses who have been turned into messages this book will deconstruct reductive stereotypes of the muse and reframe it as a momentous and empowered agent of art history **Nuevas pesquisas: los**
