Time Again Adelia Kayland Personal Log :

Time Again Pamela Barchers,2014-10-31 Addy life as we know it may not have existed if you hadn't returned to the 21st century. If Adelia Kayland had known that the future of Earth was lying on her shoulders, she might have cringed at the absurdity of it. How could such a huge responsibility be placed on one person? It took every effort on her part just to fit back into her old world. After living nine years in the 23rd century, she had changed; a square peg cannot fit into a round hole. Haunted by a man from the future that she cannot stop loving, Addy resolves to live out the rest of her life in quiet comfort, but the Temporal Enforcement Agency has other ideas. Whisked back to the future, Addy lands straight into adventure and trouble. Once again in space, this time as co-pilot of a small craft, Addy searches for her friend Kathlyn, whom Starcorps has declared to be dead. She forges a new friendship with her pilot companion, a human feline hybrid, and stumbles onto the growing business of humanoid trafficking, where females are considered a rare commodity. Separated from her husband, Addy's heart takes a beating as she witnesses his attachment to another woman. All the while, she is pursued by the commander of a cat-like species called the A-chutti, determined to collect on the bounty put out on her. Who is it that wants Addy desperate enough to put a price on her head?

Manipulated Time Pamela Barchers,2014-10-31 I may not be an expert on human relationships, but it certainly appeared to be a good-bye forever kiss to me. Addy's past rears its ugly head once again, and the media pounces on it, magnifying the most intimate details of her nightmare across the galaxy. Will the people she loves see her in a different light? When will it finally end, and can her marriage survive it? To save the lives of Matt and Liam Owen, Addy must race against time in a deadly scavenger hunt for clues to their whereabouts. When the mastermind is found dead, the evidence points to the admiral, is Owen a murderer? At every turn, she comes face-to-face with the A-chutti. Commander Brou Owen is furious, believing that his wife is leading the feline on. Now that the bounty is off of her head, what is his interest in her? In the blink of an eye, Addy finds herself back on the Phoenix, continuing its journey home. Is she in a parallel time line, or has she lost her mind? With so many obstacles to overcome, is love powerful enough to conquer them all?
