Liquor and the Liberal State Dan Malleck, 2022-05-01 Cultural pastime profitable industry or harmful influence on the nation Liquor was a tricky issue for municipal provincial and federal governments after Confederation Liquor and the Liberal State traces how the Ontario provincial government's takeover of liquor regulation in the late nineteenth and early twentieth centuries involved both discrete local politics and expansive constitutional questions Dan Malleck explores how notions of individual freedom equality and property rights were debated challenged and modified in response to a vocal prohibitionist movement and equally vocal liquor industry While the liquor licensing regime helped build a vast patronage base for the governing Liberal Party some believed it exceeded the constitutional authority of the province The drink question became as political as it was moral a key issue in the establishment of judicial definitions of provincial and federal rights and ultimately in the crafting of the modern state This lively and meticulous work demonstrates the challenges governments faced when dealing with the seemingly simple but tremendously complicated alcoholic beverage *Research Handbook on Ocean Acidification Law and Policy* VanderZwaag, David L., Oral, Nilüfer, Stephens, Tim, 2021-10-19 This important Research Handbook provides a guide to navigating the tangled array of laws and policies available to counter the ominous threats of ocean acidification It investigates the limitations and opportunities for addressing ocean acidification under national regional and global governance frameworks including multilateral environmental agreements law of the sea and human rights instruments *FCC Record* United States. is the fact that leadership is more difficult than it has ever been It is context that explains why leadership is so fraught with frustration And it is context that makes evident why leadership will be better exercised if it is better understood Calling out patterns that emerge from the checklist Kellerman challenges leaders to do better This fascinating read will change the way that all of us think about leadership while compelling us to consider what it means for our future Finally a book that explains why leadership is so hard thought provoking examples taken from business and government alike Sydney Finkelstein Tuck School of Business author of *Why Smart Executives Fail* **The New York Times Index** ,1991 **The Roman-Jewish Wars and Hebrew Cultural Nationalism, 66-2000 CE** D. Aberbach,2000-05-26 In this controversial book the authors show how the Roman Jewish wars were precipitated partly by Jewish demographic and religious expansion and by conflict with the Greeks and their culture They argue that the trauma and humiliation of defeat stimulated Jewish cultural growth particularly in Hebrew during and after the wars This culture was an implicit rejection of Graeco Roman civilization and values in favour of a more exclusivist religious cultural nationalism This form of nationalism though unique in the ancient world anticipates more recent cultural national movements of defeated peoples **Congressional Record** United States. Congress,1996 **Higher Education and the State in Latin America** Daniel C.
