Change mainsprings cannon pinions balance staffs hairsprings and much much more I also tell you where to go for parts tools and certain specialized services One mistake can easily cost far more than this course and most of what I teach I learned through hard earned mistakes because I had no one to show me the few simple techniques that I demonstrate in these videos So if you think you might enjoy watch repair then please consider this course The Swiss Watch Repairer's Manual Hans Jendritzki,1977
