Thompson, 2020-02-04 MURDERS THAT DEFY DETECTION Discover the stories behind some of the most infamous unsolved murders of the last century including the Black Dahlia the Zodiac Killer and the JonBen t Ramsey case Detailing essential evidence Profiling key suspects Tracking police investigations Sorting facts from speculation **Hollywood Horrors** Andrea Van Landingham, 2021-11-01 The name Hollywood conjures up fantastical images of bright lights glamorous dreams and impossible riches From its humble beginnings as a ranch sprawling northwest of Los Angeles in the late 1800s Hollywood has spanned lifetimes as a factory of dreams a dazzling place where all things are possible This collection of stories takes you on a journey into the golden age illuminating the space between the airy fantasy and the gritty reality of life in Hollywood In a transient city where nothing lasts thousands of stories have taken place in their time here From the offscreen debauchery of the silent era to countless dramatic and mysterious deaths to the sinister past lives of world famous LA landmarks vestiges of Hollywood's checkered past can still be found all over the city With generations of Tinseltown's luminaries living and working under the sunny guise of paradisaal prosperity their real stories reveal the sordid underbelly lurking directly beneath the surface A dangerous collusion between the studios the press the mob and the LAPD forms an impenetrable behind the scenes network of corruption power and control where the truth is always up for sale A network in

which the most glamorous and well known figures are merely players in this elaborate charade It s magical and gritty it s ugly and dirty it s the land of dreams it s Hollywood

**The Battle for Beverly Hills** Nancie Clare,2024-08-06 The untold history of Beverly Hills and how against all odds it remained an independent exclusive and glamorous enclave through the efforts of Hollywood s film pioneers If you look at a map of the sprawling city lines of Los Angeles you ll notice a distinct hole in the middle That is Beverly Hills and there s a reason why it remains an island in the sea of LA It s a tale inextricably linked with the dawn of cinema a celebrity couple using their reputation to get what they wanted politically and of course the age old conundrum of California water For film stars who moved out to California in the early 20th century Beverly Hills was a refuge from tabloid heavy Los Angeles It was also a societal blank slate unlike Los Angeles saddled with the East Coast caste system Beverly Hills developers were not picky about who settled there It was the perfect place for Mary Pickford and Douglas Fairbanks who both came from mixed ethnic impoverished backgrounds It allowed them to become among the first actors to reach superstar status through hard work and keen entrepreneurial instincts and to keep their steamy affair out of the press Today listening to a celebrity advocating a cause doesn t raise an eyebrow But in 1923 it was something new This is the story of how the stars battled to keep their city free from the clutches of a rapacious Los Angeles and lay the groundwork for celebrity influence and political power With a nuanced eye and fantastic storytelling *The Battle for Beverly Hills* is an irresistible tale of glamour fame gossip and politics

*Hollywood by Hollywood* Steven Cohan,2019 The backstudio picture or the movie about movie making is a staple of Hollywood film production harking back to the silent era and extending to the present day What gives backstudios their coherence as a distinctive genre Steven Cohan argues in *Hollywood by Hollywood* is their fascination with the mystique of Hollywood as a geographic place a self contained industry and a fantasy of fame leisure sexual freedom and modernity Yet by the same token if backstudio pictures have rarely achieved blockbuster box office success what accounts for the film industry s interest in continuing to produce them The backstudio picture has been an enduring genre because aside from offering a director or writer a chance to settle old scores in branding filmmaking with the Hollywood mystique the genre solicits consumers strong investment in the movies Whether inspiring the movie crazy fan girls of the early teens and twenties or the wannabe filmmakers of this century heading to the West Coast after their college graduations backstudios have given emotional weight and cultural heft to filmmaking as the quintessential American success story But more than that a backstudio picture is concerned with shaping perceptions of how the film industry works with masking how its product depends upon an industrial labor force including stardom and with determining how that work s value accrues from the Hollywood brand stamped onto the product Cohan supports his well theorized and well researched claims with nuanced discussions of over fifty backstudios some canonical and well known and others obscure and rarely seen Covering the hundred year timespan of feature length film production *Hollywood by Hollywood* offers an illuminating perspective for considering anew the history of American movies

**Indecent Advances** James Polchin,2020-05-26 Edgar

Award finalist Best Fact Crime American Masters PBS 1 of 5 Essential Culture Reads One of CrimeReads Best True Crime Books of the Year A fast paced meticulously researched thoroughly engaging and often infuriating look see into the systematic criminalization of gay men and widespread condemnation of homosexuality post World War I Alexis Burling San Francisco Chronicle Stories of murder have never been just about killers and victims Instead crime stories take the shape of their times and reflect cultural notions and prejudices In this Edgar Award finalist for Best Fact Crime James Polchin recovers and recounts queer stories from the crime pages often lurid and euphemistic that reveal the hidden history of violence against gay men But what was left unsaid in these crime pages provides insight into the figure of the queer man as both criminal and victim offering readers tales of vice and violence that aligned gender and sexual deviance with tragic gruesome endings Victims were often reported as having made indecent advances forcing the accused s hands in self defense and reducing murder charges to manslaughter As noted by Caleb Cain in The New Yorker review of Indecent Advances it s impossible to understand gay life in twentieth century America without reckoning with the dark stories Gay men were unable to shake free of them until they figured out how to tell the stories themselves in a new way Indecent Advances is the first book to fully investigate these stories of how queer men navigated a society that criminalized them and displayed little compassion for the violence they endured Polchin shows with masterful insight how this discrimination was ultimately transformed by activists to help shape the burgeoning gay rights movement in the years leading up to Stonewall

**Ku Klux Kulture** Felix Harcourt,2017-11-22 A study of the Ku Klux Klan s efforts to interact with American culture in the 1920s In popular understanding the Ku Klux Klan is a hateful white supremacist organization In Ku Klux Kulture Felix Harcourt argues that in the 1920s the self proclaimed Invisible Empire had an even wider significance as a cultural movement Ku Klux Kulture reveals the extent to which the KKK participated in and penetrated popular American culture reaching far beyond its paying membership to become part of modern American society The Klan owned radio stations newspapers and sports teams and its members created popular films pulp novels music and more Harcourt shows how the Klan s racist and nativist ideology became subsumed in sunnier popular portrayals of heroic vigilantism In the process he challenges prevailing depictions of the 1920s which may be best understood not as the Jazz Age or the Age of Prohibition but as the Age of the Klan Ku Klux Kulture gives us an unsettling glimpse into the past arguing that the Klan did not die so much as melt into America s prevailing culture Praise for Ku Klux Kulture A superb piece of scholarship Harcourt is particularly good at showing how anti Klan cultural productions helped legitimize the Klan s views The New Republic An impressive work of archival history The book is essential reading because it shows that rather than a radical fringe group the 1920s KKK was a central well respected part of white Protestant culture The Forward An intriguing exploration of the rise and fall of the second iteration of the Ku Klux Klan Recommended Choice

**The Mirage Factory** Gary Krist,2019-05-14 From bestselling author Gary Krist the story of the metropolis that never should have been and the visionaries who dreamed it into reality Little more than a

century ago the southern coast of California bone dry harbor less isolated by deserts and mountain ranges seemed destined to remain scrappy farmland Then as if overnight one of the world s iconic cities emerged At the heart of Los Angeles meteoric rise were three flawed visionaries William Mulholland an immigrant ditch digger turned self taught engineer designed the massive aqueduct that would make urban life here possible D W Griffith who transformed the motion picture from a vaudeville house novelty into a cornerstone of American culture gave L A its signature industry And Aimee Semple McPherson a charismatic evangelist who founded a religion cemented the city s identity as a center for spiritual exploration All were masters of their craft but also illusionists of a kind The images they conjured up of a blossoming city in the desert of a factory of celluloid dreamworks of a community of seekers finding personal salvation under the California sun were like mirages liable to evaporate on closer inspection All three would pay a steep price to realize these dreams in a crescendo of hubris scandal and catastrophic failure of design that threatened to topple each of their personal empires Yet when the dust settled the mirage that was LA remained Spanning the years from 1900 to 1930 The Mirage Factory is the enthralling tale of an improbable city and the people who willed it into existence by pushing the limits of human engineering and imagination
