The Common Core, an Uncommon Opportunity Judith K. March, Karen H. Peters, 2014 Because the Common Core requires bold action Why The Common Core an Uncommon Opportunity Why now Because it tackles a largely overlooked component of implementation how to redesign your instructional delivery system K 12 And you ll have to if you don t you ll be subject to the very same failure and frustration so many other districts and schools are experiencing What s more March and Peters describe how to integrate 21st Century Skills at the very same time It will help district leaders Develop structured consistent and organized teaching and learning practices Make district wide infrastructure adjustments for sustained reform Use best practices for sustained achievement and continuous curriculum review *Titanic: Design & construction* Bruce Beveridge, 2008 While everyone knows the new White Star liner was the most glamorous and was full of millionaires when she sank few appreciate just how luxurious she was Even in Third Class the accommodation was better than on First Class on many older ships For the first time Bruce Beveridge Steve Hall and Scott Andrews look at the ship itself and at her interior design and fittings From cobalt blue Spode china and Elkington plate silverware in the a la carte restaurant to the design of the boilers and fixtures and fittings onboard the world s most luxurious vessel they tell the story of a liner built at the peak of the race between the British French and Germans to build bigger and better ships from publisher description **Teaching Mathematics in Grades 6 - 12** Randall E. Groth, 2012-08-10 A journey into the vibrant and intriguing world of mathematics education Teaching Mathematics in Grades 6 12 explores how research in mathematics education can inform teaching practice in grades 6 12 The author shows secondary mathematics teachers the value of being a researcher in the classroom by constantly experimenting with methods for developing students mathematical thinking and then connecting this research to practices that enhance students understanding of the material The chapters in Part I introduce secondary teachers to the field of mathematics education with cross cutting issues that apply to teaching and learning in all mathematics content areas The chapters in Part II are devoted to specific mathematics content strands and describe how students think about mathematical concepts The goal of the text is to have secondary math teachers gain a deeper understanding of the types of mathematical knowledge their students bring to grade 6 12 classrooms and how students thinking may develop in response to different teaching strategies **Parallel Curriculum Units for Social Studies, Grades 6-12** Jeanne H. Purcell, Jann H. Leppien, 2009-10-29 Covering history geography and sociology these sample lessons and units show how to use the Parallel Curriculum Model to provide rigorous learning opportunities for students in social studies *Teaching Young Adult*

Literature Judith A. Hayn, Jeffrey S. Kaplan, Amanda L. Nolen, Heather A. Olvey, 2015-11-12 The authors who contributed to this text believe that young adult literature YAL can meet the Common Core's push to include literacy across content areas as well as meet the standards in creative and effective ways This text is intended to give educators a resource to aid them in creating a literacy curriculum The included chapters written by experts from different universities across the country offer a variety of methods for using YAL to meet the standards while connecting with students Following a framework first chapter introducing the importance of YAL and discussing its relevance other authors tackle various ways to teach it Each chapter may suggest different strategies and rationales for utilizing YAL but each shares a common purpose with the others to promote the efficacy of YAL to engage students while at the same time meeting the rigorous standards set forth by the Common Core
