## Slogan For Awesome Race 2015:

**Remembering Women's Activism** Sharon Crozier-De Rosa, Vera Mackie, 2018-09-25 Remembering Women's Activism examines the intersections between gender politics and acts of remembrance by tracing the cultural memories of women who are known for their actions. Memories are constantly being reinterpreted and are profoundly shaped by gender. This book explores the gendered dimensions of history and memory through nation based and transnational case studies from the Asia Pacific region and Anglophone world. Chapters consider how different forms of women's activism have been remembered: the efforts of suffragists in Britain, the USA and Australia to document their own histories and preserve their memory; Constance Markievicz and Qiu Jin, two early twentieth century political activists in Ireland and China respectively; the struggles of women workers and the movement for redress of those who have suffered militarized sexual abuse. The book concludes by reflecting on the mobilization of memories of activism in the present. Transnational in scope and with reference to both state centred and organic acts of remembering including memorial practices, physical sites of memory, popular culture and social media. Remembering Women's Activism is an ideal volume for all students of gender and history, the history of feminism and the relationship between memory and history.

**Tropes of Intolerance** Peter Rose, 2020-12-30 Tropes of Intolerance is a Baedeker of bigotry, a short course on xenophobic racism and populist nationalism, both enduring threats to the social fabric of democratic societies. Each chapter is a self contained commentary and a building block. In the first the author considers the concepts of pride and prejudice and discusses patterns of discrimination and strategies of resistance. This is followed by an illustrated consideration of the emblems of enmity: words, signs, symbols and other verbal and visual expressions of both chauvinism and intolerance. Linking the first two, the third chapter explores the nature of American Nativism and its contemporary expression. This is followed by an assessment of the exploitation of anxiety among particularly vulnerable sectors of society by skillful manipulative leaders and their agents and the exacerbation of social divisions by the use of stereotyping, stigmatizing and labeling. Chapter Five, Trumped Up, narrows the focus to the present day: the president himself and his exacerbation of polarizing particularism. A sixth chapter examines two of the most malignant ideologies: resurgent anti-Semitism and the rise of Islamophobia, bringing readers full circle. In addition to a brief Coda and a glossary of key terms related to the principal topic, there is a post-election Afterword written in late November 2020.

Read award winning journalist Frank Bruni's New York Times bestseller an inspiring manifesto about everything wrong with today's frenzied college admissions process and how to make the most of your college years Over the last few decades Americans have turned college admissions into a terrifying and occasionally devastating process preceded by test prep tutors all sorts of stratagems all kinds of rankings and a conviction among too many young people that their futures will be determined and their worth established by which schools say yes and which say no In *Where You Go is Not Who You'll Be* Frank Bruni explains why this mindset is wrong giving students and their parents a new perspective on this brutal deeply flawed competition and a path out of the anxiety that it provokes Bruni a bestselling author and a columnist for the New York Times shows that the Ivy League has no monopoly on corner offices governors mansions or the most prestigious academic and scientific grants Through statistics surveys and the stories of hugely successful people he demonstrates that many kinds of colleges serve as ideal springboards And he illuminates how to make the most of them What matters in the end are students efforts in and out of the classroom not the name on their diploma Where you go isn't who you'll be Americans need to hear that and this indispensable manifesto says it with eloquence and respect for the real promise of higher education
