Snopes Mail Server Report:

Saving the Republic Roger Kimball, 2018-01-23 America is embroiled in ideological conflict with the opposing partisan bulwarks of the Left and the Right widening a chasm that threatens the unity of our Republic The tumult in Washington has radiated into our universities homes and relationships from constitutional threats to the imposition on free speech to a sprawling unelected administrative state America is at a tipping point Fortunately Encounter s Broadside and Intelligence series offer indispensable ammunition for intelligent debate on these critical issues of our time With a staunch allegiance to the truth these timely essays resurrect 18th century pamphleteering to take on everything from the failures of the redistribution of wealth to the twisting of Title IX to the dangers of the increasingly unchecked media bias Saving the Republic a collection of Encounter interventions is a necessary resource of critical thought and commonsense on how to safeguard the promise of America Saving the Republic is edited by Roger Kimball with contributions from Jay Cost Philip Hamburger Mollie Ziegler Hemingway David B Kopel Greg Lukianoff Andrew C McCarthy Jared Meyer James Piereson Claudia Rosett Avik Roy Robert L Shibley Michael Walsh and Kevin D Williamson Together these authors make the definitive case for liberty and democratic capitalism at a time when they are under siege from the resurgence of collectivist sentiment

The Trumping of America Pamela Hines, 2018-08-02 Trump alone is not to blame How does it reflect on North American societal values when wealth trumps humanity selfish individualism trumps compassion the need to be entertained and to win trumps the truth and racism and misogyny are rewarded with the most powerful position in the world The political rise of Donald Trump from the cutthroat Republican primary process to his move to the White House has ushered in a new age of politics in the United States This is a comprehensive analysis of the events surrounding the 2016 presidential election and the unprecedented first year of Donald Trump s presidency Pamela Hines highlights the growing distortion of American democracy which threatens political systems around the world As a Canadian living just across the border Hines provides a unique perspective on the international impact of the election explores the roles of religion racism nationalism and gender bias and critiques the media and its reckless coverage of Trump s ascension The Trump presidency is a wake up call to citizens of the free world Democracy is at risk yet power remains in the hands of the people This assault on democracy can be curtailed only if voters make informed decisions and understand the consequences of their choices while they still have the right to choose
