South African Army Admission Form 2015:

South Africa's Post-Apartheid Military Lindy Heinecken, 2020-01-01 This timely book examines how the South African National Defence Force has adapted to the country's new security political and social environment since 1994. In South Africa's changed political state, how has civilian control of the military been implemented and what does this mean for defence in a democracy? This book presents an overview of the security environment, how the mission focus of the military has changed and the implications for force procurement, force preparation, force employment and force sustainability. The author addresses other issues such as the effect of integrating former revolutionary soldiers into a professional armed force, the effect of affirmative action on meritocracy, recruitment and retention, military veterans looking at the difficulties they face in reintegrating back into society and finding gainful employment, gender equality and mainstreaming the rise of military unions and why a confrontational instead of a more corporatist approach to labour relations has emerged. HIV/AIDS and the consequences this holds for the military in terms of its operational effectiveness. In closing, the author highlights key events that have caused the SANDF to become lost in transition and transformation, spelling out some lessons learned. The conclusions she draws are pertinent for the future of defence security and civil-military relations of countries around the world.

Researching the Military Helena Carreiras, Celso Castro, Sabina Frederic, 2016-03-02 *Researching the Military* focuses on the experiences of researchers who study the military around the world. It explores the historical, social, institutional and personal factors that frame research and scrutinize the way knowledge in this area impacts society and policy. More than merely analyzing research experiences yet necessarily including them, it is also about the experiences of researchers, their position with regard to the object of their studies, the institutional context where they work and the way their research impacts the academic and policy-making fields in the respective countries. The common theme to the various chapters is reflexivity, a conscious effort at addressing the conditions of research and the position of the researcher and the research participants in that interface. By collecting diverse experiences of researchers from across the world, this volume aims to enhance reflexivity in the field of military studies and to encourage the exchange of knowledge between the academic field and the military arena. This book will be of much interest to students of military studies, research methods, sociology, social anthropology and security studies in general.

Guns & Roses: Comparative Civil-Military Relations in the Changing Security Environment Steven Ratuva, Radomir Compel, Sergio Aguilar, 2019-01-04 This edited volume provides a critical and comparative discussion of the changing synergy between the military and society in the dramatically transforming global security climate, drawing on examples from the Asian Pacific, African, Middle Eastern, European and South American regions. The book is interdisciplinary and covers wide-ranging issues relating to civil-military relations, democratization, regional security, ethnicity, peace building and peace keeping, civilian oversight, internal repression, gender, regime change and civil society.

Botha, Smuts and the Great War Antonio Garcia, Ian van der Waag, 2023-10-30 In *Botha, Smuts and the Great*

War 1914 1918 authors Antonio Garcia and Ian Van Der Waag conducted painstaking research in South Africa and the United Kingdom to produce this first of a kind volume on the wartime roles of South African prime minister General Louis Botha and his deputy General Jan Smuts These very different men appealed to different audiences Botha's nuance and emotional intelligence complemented Smuts's intellectualism Thrown into a world conflagration in August 1914 and facing internal rebellion and the threat posed by German troops on the borders they led South Africa's Union Defence Force Both Botha and Smuts commanded in the field Steadily the South African army they commanded benefiting from wartime training sometimes in the field gained resilience experience and battle hardiness adapting to the conditions of the campaigns and the demands of the tasks South Africa's campaigns were complex and divergent starting with the invasion of neighbouring German South West Africa to neutralise enemy radio stations and so aid the security of the South Atlantic Suddenly suspended following the outbreak of the Afrikaner Rebellion the campaign recommenced in January 1915 Following its conclusion an infantry brigade raised for Western Front service was diverted to Egypt before facing near annihilation at Delville Wood Simultaneously a large South African force fighting alongside British African and Indian forces overcame German resistance in East Africa whilst a brigade of field artillery and later the Cape Corps served in Egypt and Palestine Moreover approximately 6 500 South Africans served in the British Army Royal Flying Corps Royal Air Force and in the Royal Navy Although lionised during the war by a British public hungry for heroes there is a different side to Botha and Smuts Shunned by Afrikaner nationalists at the time they have remained divisive figures Responsible for the enactment of the Land Act of 1913 which shaped South Africa's socio economic and political landscape Botha's statues in Cape Town Durban and Pretoria were vandalised on a number of occasions between 2015 and 2022 and there were recent calls for Smuts's statues to be removed Behind Botha's charming attractive façade and Smuts's stoic machine were two very human imperfect and quite probably inconsiderate men Together they provide a wonderful lens through which to examine the potent forces of the early twentieth century world and the country they hoped to forge Myopic compatriots had constrained their plans but it was the outbreak of war in 1914 that offered the most significant opportunities and brought the most adverse challenges They fought insurmountable odds and achieved great victories at home and abroad but also made startling errors and ultimately in classical fashion risked being crushed by the weight of the world they tried to create

South Africa and United Nations Peacekeeping Offensive Operations Garcia, Antonio, 2018-08-16 The creation of the Force Intervention Brigade FIB as the sharp tactical edge of the United Nations Stabilisation Mission in the Democratic Republic of the Congo MONUSCO tasked with the neutralising of armed groups was a watershed moment in the history of modern peace missions What was more significant was that sub Saharan national leaders were instrumental in the creation of the FIB South Africa Tanzania and Malawi but lacked the resources to deploy such a force and consequently the brigade was deployed under the banner of the UN With the legacy of an African Renaissance and its role in the conception of the FIB South Africa remains a critical player

in international peace and security in sub Saharan Africa and therefore holds a key strategic role in achieving the FIB s objectives This comes at a critical time where blue helmets are increasingly exposed to complex and challenging security contexts The aim of this work is to provide a conceptual model for South African military future operations and UN offensive peacekeeping operations In this undertaking a layer of military and Clausewitzian theory is added to offensive peacekeeping operations Furthermore there are sections on operational constructs capstone and operating concepts doctrine and structural elements as well a section on mine action This book contributes towards an understanding of the nature of modern strategy through the lens of UN offensive peacekeeping operations and provides insights into operational challenges

"ECEG2016-Proceedings of 16th European Conference on e-Government ECEG 2016 " Mitja De Man,Tina Juki,2016-06-02 Military Psychology for Africa Gideon Van Dyk,2016-03-17 Military Psychology for Africa is the first textbook of its kind from Africa Selected authors with competent military psychology knowledge skills expertise and experience each contributed a chapter to this unique book The book empowers academics students and military fellows to apply this knowledge at academic institutions and military units during operations and in presenting short courses The book will also equip soldiers with new knowledge for advancing peace on the continent and abroad **Boko Haram and the War on Terror** Caroline Varin,2016-08-15 A comprehensive analysis of the rise of Boko Haram from a small religious cult to a major terrorist group placing them within the context of Nigerian politics and the international War on Terror In 2009 Nigerian security forces stormed a religious cult by the name of Boko Haram killing its leader and thousands of followers Six years later Boko Haram is an enemy to reckon with boasting 15 000 members and taking credit for 20 000 deaths This book looks at the successful rise of this terrorist group probing the religious and political environment that enabled a relatively small cult to threaten a nation The study draws on the author s fieldwork in Nigeria where she had access to officials activists psychologists and military personnel Written in a clear and accessible manner it offers a micro to macro investigation of the Boko Haram as a phenomenon It also provides readers with an understanding of the regional dynamics that obstructed political and military cooperation among neighboring countries enabling Boko Haram s success This book traces the group s religious origins in the early 2000s and documents its violent political claims in Nigeria and across the border in Northern Cameroon Niger and Chad Finally it examines the impact of the international War on Terror and presents a comparative study of other contemporary terrorism movements and their networks *U.S. Security Cooperation with Africa* Robert J. Griffiths,2016-04-14 As Africa s strategic importance has increased over the past decade and a half United States security cooperation with the continent has expanded The most visible dimension of this increased engagement was the establishment of the U S Military Command for Africa AFRICOM Some critics are skeptical of AFRICOM s purpose and see the militarization of U S Africa policy while others question its effectiveness Recognizing the link between development and security AFRICOM represents a departure from the traditional organization of military commands because of its holistic

approach and the involvement of the Department of State as well as other U S government stakeholders Nevertheless AFRICOM s effort to combine security and development faces formidable conceptual and operational challenges in trying to ensure both American and African security interests The human security perspective s emphasis on issues that go beyond traditional state centered security to include protecting individuals from threats of hunger disease crime environmental degradation and political repression as well as focusing on social and economic justice is an important component of security policy At the same time the threat of violent extremism heavily influences U S security cooperation with Africa In this examination of the context of U S African security relations Robert J Griffiths outlines the nature of the African state traces the contours of African conflict surveys the post independence history of U S involvement on the continent and discusses policy organization and implementation and the impact of U S experiences in Iraq and Afghanistan on the U S Africa security relationship Africa s continuing geostrategic significance the influence of China and other emerging markets in the region and America s other global engagements especially in light of U S fiscal realities demonstrate the complexity of U S African security cooperation

At the Dawn of Belt and Road Andrew Scobell,Bonny Lin,Howard J. Shatz,Michael Johnson,Larry Hanauer,Michael S. Chase,Astrid Stuth Cevallos,Ivan W. Rasmussen,Arthur Chan,Aaron Strong,Eric Warner,Logan Ma,2018-09-24 China has always viewed itself as a vulnerable underdeveloped country In the 1990s it began negotiating economic agreements and creating China centric institutions culminating in the 2000s in numerous institutions and ultimately the Belt and Road Initiative The authors analyze China s political and diplomatic economic and military engagement with the Developing World and discuss specific countries that are most important to China

The Palgrave International Handbook of Gender and the Military Rachel Woodward,Claire Duncanson,2017-06-27 The Palgrave International Handbook of Gender and the Military provides a comprehensive overview of the multiple ways in which gender and militaries connect International and multi disciplinary in scope this edited volume provides authoritative accounts of the many intersections through which militaries issues and military forces are shaped by gender The chapters provide detailed accounts of key issues informed by examples from original research in a wealth of different national contexts This Handbook includes coverage of conceptual approaches to the study of gender and militaries gender and the organisation of state military forces gender as it pertains to military forces in action transitions and transgressions within militaries gender and non state military forces and gender in representations of military personnel and practices With contributions from a range of both established and early career scholars The Palgrave International Handbook of Gender and the Military is an essential guide to current debates on gender and contemporary military issues

Stopping the Spies Jane Duncan,2018-06-01 Is South Africa on its way to becoming a surveillance state and will it need a whistleblower In 2013 former National Security Agency NSA contractor Edward Snowden leaked secret documents revealing that state agencies like the NSA had spied on the communications of millions of innocent citizens International outrage resulted but the Snowden documents revealed only

the tip of the surveillance iceberg Apart from insisting on their rights to tap into communications more and more states are placing citizens under surveillance tracking their movements and transactions with public and private institutions The state is becoming like a one way mirror where it can see more of what its citizens do and say while citizens see less and less of what the state does owing to high levels of secrecy around surveillance In this book Jane Duncan assesses the relevance of Snowden s revelations for South Africa In doing so she questions the extent to which South Africa is becoming a surveillance society governed by a surveillance state Duncan challenges members of civil society to be concerned about and to act on the ever expanding surveillance capacities of the South African state Is surveillance used for the democratic purpose of making people safer or is it being used for the repressive purpose of social control especially of those considered to be politically threatening to ruling interests She explores the forms of collective action needed to ensure that unaccountable surveillance does not take place and examines what does and does not work when it comes to developing organised responses

Military Assistance on Request and the Use of Force Erika De Wet,2020 This book examines the extent which the proliferation of military assistance on request is changing the rules governing the use of force The author explores the authority to make these requests particularly during civil wars where some territorial control may be lost and there is a risk of systematic violations of international humanitarian law

Private Military and Security Contractors Gary Schaub, Jr.,Ryan Kelty,2016-06-16 In Private Military and Security Contractors PMSCs a multinational team of scholars and experts address a developing phenomenon controlling the use of privatized force by states in international politics Robust analyses of the evolving multi layered tapestry of formal and informal mechanisms of control address the microfoundations of the market such as the social and role identities of contract employees their acceptance by military personnel and potential tensions between them The extent and willingness of key states South Africa the United States Canada the United Kingdom and Israel to monitor and enforce discipline to structure their contractual relations with PMSCs on land and at sea is examined as is the ability of the industry to regulate itself Also discussed is the nascent international legal regime to reinforce state and industry efforts to encourage effective practices punish inappropriate behavior and shape the market to minimize the hazards of loosening states oligopolistic control over the means of legitimate organized violence The volume presents a theoretically informed synthesis of micro and macro levels of analysis offering new insights into the challenges of controlling the agents of organized violence used by states for scholars and practitioners alike

Violent Borders Reece Jones,2016-10-11 Forty thousand people died trying to cross international borders in the past decade with the high profile deaths along the shores of Europe only accounting for half of the grisly total Reece Jones argues that these deaths are not exceptional but rather the result of state attempts to contain populations and control access to resources and opportunities We may live in an era of globalization he writes but much of the world is increasingly focused on limiting the free movement of people In Violent Borders Jones crosses the migrant trails of the world documenting the billions of dollars spent on border security projects

and their dire consequences for countless millions While the poor are restricted by the lottery of birth to slum dwellings in the aftershocks of decolonization the wealthy travel without constraint exploiting pools of cheap labor and lax environmental regulations With the growth of borders and resource enclosures the deaths of migrants in search of a better life are intimately connected to climate change environmental degradation and the growth of global wealth inequality "Eat the Heart of the Infidel" Andrew Walker,2018-04-01 This is a deeply researched and gracefully written history of Boko Haram s cultural and religious hinterland in northern Nigeria It shows how Boko Haram emerged and managed to isolate parts of Africa s most populous state and largest economy War of Intervention in Angola Adrien Fontanellaz,Tom Cooper,José Augusto Matos,2023-06-30 Through late 1987 and early 1988 the battlefields of southern Angola moved ever further away from the border with South West Africa Namibia until the showdown between the Soviet and Cuban supported government in Luanda and South African supported insurgency of UNITA culminated in the controversial and still much disputed Battle of Cuito Cuanavale During this period Angolan and Cuban airpower slowly grew to a point where it outmatched the SAAF in turn limiting the freedom of movement of the SADF and UNITA ground forces and reducing their operations to attritional battles with little chance of achieving major victories on terms acceptable to the government in Pretoria As the changing political climate between East and West and in Africa began to bring about an end to the South African intervention in Angola and the occupation of South West Africa Namibia the government of Angola was able to switch its attentions to dealing with UNITA Volume 5 of War of Intervention in Angola examines in detail this final period of Cuban involvement in the long and tragic civil war that ruined Angola between 1975 and 1992 While the emphasis is upon the operations of the Angolan and Cuban air forces it also details how these impacted upon the ground operations of all parties This volume is richly illustrated with original photographs of the forces involved specially commissioned maps of the ground operations and a range of full color artworks **The Handbook of African Defence and Armed Forces** Evert Kleynhans,Marco Wyss,2025-03-01 The Handbook of African Defence and Armed Forces provides the first in depth and multifaceted analysis of the evolution and current state of national defence policies strategies doctrines capabilities security challenges and strategic responses of African states and their armed forces Geographically these aspects are investigated at the national sub regional and regional levels Chronologically they are analysed against the backdrop of the superpower withdrawal from the continent in the 1990s and the so called New Scramble for Africa which has seen a crescendo of renewed great power interest in the continent s resources as well as its strategic role location and relevance since the 2000s The book takes a bottom up and African centric approach and is organized around five key themes i the differing security outlooks and defence policies of African powers within the region and the different sub regions ii the strategies doctrines transformation and employment of African armed forces iii the relationship between African armed forces with sub regional regional and international organizations iv the challenges that African states and their armed forces have been facing and their strategic responses and

v the position of African perspectives and agency in the context of continental and international security and defence Understanding African security and defence especially in terms of each individual nation s ability to contribute to peacekeeping operations counterterrorism border security and internal security requires a focus on the national level of armed forces and defence policies this in turns sheds light on sub regional and regional divergences challenges and cooperation Based on this framework the chapters in this volume offer comprehensive African perspectives on African and international security and defence and in doing so show the agency of the continent s countries and armed forces in International Security and Relations

China's Relations with Africa Joshua Eisenman, David H. Shinn, 2023-08-01 Since Xi Jinping s accession to power in 2012 nearly every aspect of China s relations with Africa has grown dramatically Beijing has increased the share of resources it devotes to African countries expanding military cooperation technological investment and educational and cultural programs as well as extending its political influence This book examines the full scope of contemporary political and security relations between China and Africa David H Shinn and Joshua Eisenman not only explain the specific tactics and methods that Beijing uses to build its strategic relations with African political and military elites but also contextualize and interpret them within China s larger geostrategy They argue that the priorities of Chinese leaders including the conflation of threats to the Communist Party with threats to the country a growing emphasis on relations in the Global South and a focus on countering U S hegemony have combined to elevate Africa s importance among policy makers in Beijing Ranging from diplomacy and propaganda to arms sales and space cooperation from increasingly frequent People s Liberation Army Navy port calls in Africa to the rising number of African students studying in China this book marshals extensive and compelling qualitative and quantitative evidence of the deepening ties between China and Africa Drawing on two decades of systematic data and hundreds of surveys and in person interviews Shinn and Eisenman shed new light on the state of China Africa relations today and consider what the future may hold

Violent Non-State Actors in Africa Caroline Varin, Dauda Abubakar, 2017-04-24 This book explores the rise and impact of violent non state actors in contemporary Africa and the implications for the sovereignty and security of African states Each chapter tackles a unique angle on violent organizations on the continent with the view of highlighting the conditions that lead to the rise and radicalization of these groups The chapters further examine the ways in which governments have responded to the challenge and the national regional and international strategies that they have adopted as a result Chapter contributors to this volume examine the emergence of Islamist terrorists in Nigeria Mali and Libya rebels in DR Congo Central African Republic Ethiopia and Rwanda and warlords and pirates in Somalia Uganda and Sierra Leone
