Holland, 1995-03-13 This book presents an examination of one of the first joint actions undertaken by the European Union under the Common Foreign and Security Policy CFSP provisions of Maastricht The case study of South Africa is particularly important as it straddles both the CFSP and the European Political Cooperation EPC periods and thus similarities and constraints in policy making and implementation can be made The EC EU policy vis a vis South Africa is traced from 1977 through to the April 1994 South African elections The earlier policy period of sanctions and positive measures are compared with the 1990s policies of election observation the normalization of bilateral relations and development policy General conclusions about the effectiveness and institutional aspects of joint actions are drawn and recommendations for improved CFSP joint actions proposed Vice President of the Commission Sir Leon Brittan has contributed a foreword to this volume

Bring Your Own Device Security Policy Compliance Framework Rathika Palanisamy, Azah Anir Norman, Miss Laiha Mat Kiah, Tutut Herawan, 2025-03-29 Proliferation of Bring Your Own Device BYOD has instigated a widespread change fast outpacing the security strategies deployed by organizations The influx of these devices has created information security challenges within organizations further exacerbated with employees inconsistent adherence with BYOD security policy To prevent information security breaches compliance with BYOD security policy and procedures is vital This book aims to investigate the factors that determine employees BYOD security policy compliance by using mixed methods approach Security policy compliance factors BYOD practices and security risks were identified following a systematic review approach Building on Organizational Control Theory Security Culture and Social Cognitive Theory a research framework positing a set of plausible factors determining BYOD security policy compliance was developed Next with a purposive sample of eight information security experts from selected public sector organizations interviews and BYOD risk assessments analysis were performed to furnish in depth insights into BYOD risks its impact on organizations and recommend control measures to overcome them This led to the suggestion of four control measures to mitigate critical BYOD security risks such as Security Training and Awareness SETA policy top management commitment and technical countermeasures The control measures were mapped into the research framework to be tested in the following quantitative phase The proposed research framework was tested using survey results from 346 employees of three Critical National Information Infrastructure CNII agencies Using Partial Least Squares Structural Equation Modelling PLS SEM the framework s validity and reliability were evaluated and hypotheses were tested Findings show that perceived mandatoriness self efficacy and psychological ownership are influential in predicting employees BYOD security policy compliance Specification of security policy is associated with perceived mandatoriness while BYOD IT support and SETA are significant towards self efficacy Unexpectedly security culture has been found to have no significant relationship to BYOD security policy compliance Theoretical practical and methodological contributions were

discussed and suggestions for future research were recommended. The analysis led to a number of insightful findings that contribute to the literature and the management which are predominantly centered on traditional computing. In view of the ever increasing BYOD threats to the security of government information it is imperative that IT managers establish and implement effective policies to protect vital information assets. Consequently the findings of this study may benefit policymakers particularly in the public sector in their efforts to increase BYOD security policy compliance among employees.

Routledge Handbook of Private Security Studies Rita Abrahamsen, Anna Leander, 2015-10-08. This new Handbook offers a comprehensive overview of current research on private security and military companies comprising essays by leading scholars from around the world. The increasing privatization of security across the globe has been the subject of much debate and controversy inciting fears of private warfare and even the collapse of the state. This volume provides the first comprehensive overview of the range of issues raised by contemporary security privatization offering both a survey of the numerous roles performed by private actors and an analysis of their implications and effects. Ranging from the mundane to the spectacular from secretive intelligence gathering and neighbourhood surveillance to piracy control and warfare this Handbook shows how private actors are involved in both domestic and international security provision and governance. It places this involvement in historical perspective and demonstrates how the impact of security privatization goes well beyond the security field to influence diverse social economic and political relationships and institutions. Finally this volume analyses the evolving regulation of the global private security sector. Seeking to overcome the disciplinary boundaries that have plagued the study of private security the Handbook promotes an interdisciplinary approach and contains contributions from a range of disciplines including international relations politics criminology law sociology geography and anthropology. This book will be of much interest to students of private security companies global governance military studies security studies and IR in general.

The Oxford Handbook of the South African Economy Arkebe Oqubay, Fiona Tregenna, Imraan Valodia, 2021-11-18. While sharing some characteristics with other middle income countries South Africa is a country with a unique economic history and distinctive economic features. It is a regional economic powerhouse that plays a significant role not only in southern Africa and in the continent but also as a member of BRICS. However there has been a lack of structural transformation and weak economic growth and South Africa faces the profound triple challenges of poverty inequality and unemployment. Any meaningful debate about economic policies to address these challenges needs to be informed by a deep understanding of historical developments robust empirical evidence and rigorous analysis of South Africa's complex economic landscape. This volume

seeks to provide a wide ranging set of original detailed and state of the art analytical perspectives that contribute to scientific knowledge as well as to well informed and productive discourse on the South African economy While concentrating on the more recent economic issues facing South Africa the handbook also provides historical and political context It offers an in depth examination of strategic issues in the country s key economic sectors and brings together diverse analytical perspectives

Foreign Policy in Post-Apartheid South Africa Adekeye Adebajo, Kudrat Virk, 2017-12-18 South Africa is the most industrialized power in Africa It was rated the continent s largest economy in 2016 and is the only African member of the G20 It is also the only strategic partner of the EU in Africa Yet despite being so strategically and economically significant there is little scholarship that focuses on South Africa as a regional hegemon This book provides the first comprehensive assessment of South Africa s post Apartheid foreign policy Over its 23 chapters and with contributions from established Africa Western Asian and American scholars as well as diplomats and analysts the book examines the current pattern of the country s foreign relations in impressive detail The geographic and thematic coverage is extensive including chapters on the domestic imperatives of South Africa s foreign policy peace making defence and security bilateral relations in Southern Central West Eastern and North Africa bilateral relations with the US China Britain France and Japan the country s key external multilateral relations with the UN the BRICS economic grouping the African Caribbean and Pacific Group ACP as well as the EU and the World Trade Organization WTO An essential resource for researchers the book will be relevant to the fields of area studies foreign policy history international relations international law security studies political economy and development studies

Research Handbook on the EU's Common Foreign and Security Policy Steven Blockmans, Panos Koutrakos, In times of rapid change and unpredictability the European Union s role in the world is sorely tested How successfully the EU meets challenges such as war terrorism and climate change and how effectively the Union taps into opportunities like mobility and technological progress depends to a great extent on the ability of the EU s institutions and member states to adopt and implement a comprehensive and integrated approach to external action This Research Handbook examines the law policy and practice of the EU s Common Foreign and Security Policy including the Common Security and Defence and gauges its interactions with the other external policies of the Union including trade development energy as well as the evolving political and economic challenges that face the European Union
