Challenging the commonly held perception that immigrants lives are shaped exclusively by their sending and receiving countries Here There and Elsewhere breaks new ground by showing how immigrants are vectors of globalization who both produce and experience the interconnectedness of societies not only the societies of origin and destination but also the societies in places beyond Tahseen Shams posits a new concept for thinking about these places that are neither the immigrants homeland nor hostland the elsewhere Drawing on rich ethnographic data interviews and analysis of the social media activities of South Asian Muslim Americans Shams uncovers how different dimensions of the immigrants ethnic and religious identities connect them to different elsewheres in places as far ranging as the Middle East Europe and Africa Yet

not all places in the world are elsewhere. How a faraway foreign land becomes salient to the immigrant's sense of self depends on an interplay of global hierarchies, homeland politics and hostland dynamics. Referencing today's 24-hour news cycle and the ways that social media connects diverse places and peoples at the touch of a screen, Shams traces how the homeland, hostland and elsewhere combine to affect the ways in which immigrants and their descendants understand themselves and are understood by others.

Program, 1980 **Ship of Fools** Tucker Carlson, 2019-10-01 The #1 New York Times bestseller from FOX News star of Tucker Carlson Tonight offers a targeted snipe at the Democrats and Republicans and their elite enablers. New York Journal of Books in a funny political commentary on how America's ruling class has failed everyday Americans. Informal and often humorous, an entertainingly told narrative of elite malfeasance. Publishers Weekly: Tucker Carlson's *Ship of Fools* tells the truth about the new American elites, a group whose power and wealth has grown beyond imagination even as the rest of the country has withered. The people who run America now barely interact with it. They fly on their own planes, ski on their own mountains, watch sporting events far from the stands in sky boxes. They have total contempt for you. In *Ship of Fools*, Tucker Carlson offers a blistering critique of our new overlords and answers the all-important question: How do we put the country

back on course Traditional liberals are gone he writes The patchouli scented hand wringers who worried about whales and defended free speech have been replaced by globalists who hide their hard edged economic agenda behind the smokescreen of identity politics They ll outsource your job while lecturing you about transgender bathrooms Left and right Carlson says are no longer meaningful categories in America The rift is between those who benefit from the status quo and those who don t Our leaders are fools Carlson concludes unaware that they are captains of a sinking ship But in the signature and witty style that viewers of Tucker Carlson Tonight enjoy so much Ship of Fools is bulging with big and interesting ideas presented succinctly with wit and precision each chapter a potential book in itself The Washington Times
