Sortie De Route:

, Undoing Coups Antonia Witt, 2020-09-17 Since the beginnings of independence a number of African nations have been plagued by repeated coup d'états. Within the African Union AU there has been a concerted effort to break this cycle through the official adoption of an anti coup norm by which the AU is mandated to suspend a member state and restore constitutional order following a coup. Supporters of this stance see it as strengthening democracy in Africa while critics argue that it has served to prop up existing regimes. But there has been little analysis of what the AU's attempts to restore constitutional order have meant for individual African states. In this book Antonia Witt looks at the legacy of the AU's intervention in Madagascar following the 2009 Malagasy crisis, one of the increasingly relevant yet under researched cases of non Western intervention in Africa. The book looks at the ways in which international intervention reconfigured the political order in Madagascar, how it facilitated the power struggle within the Madagascan elite and prevented more profound political change. It also considers what the example set by the Madagascan intervention means for the wider international order in Africa and the powers attributed to African international actors such as the AU. **Nota bene** David Roberts, 2025-08-04 **CHARBON** Sarah Kahloun, Guillaume de Sardes, Massimiliano Moccia di Coggiola, Amaury Bergoin, Parisian artists and authors, 2018-01-01 Entering the intimacy of the alternative Parisian scene CHARBON portrays a new generation of artists, authors, photographers, illustrators, performers, musicians, poets. Since their publication they have been adapted into a broad range of media including illustrated novel, bande dessinée, film, stage performance and recorded reading. What happens to their striking literary voices as they are transposed into media that combine text and image, sound and image or consist of sound alone? In this study Armelle Blin-Rolland examines adaptations sparked by these two seminal novels to understand what voice means in each medium and its importance in the process of adaptation. **Recueil Des Traités** League of Nations, 1922 Hertslet's Commercial Treaties, 1905 **Conduite du bilan neuropsychologique chez l'enfant** Michèle Mazeau, Hervé Glasel, 2017-10-24 Le bilan neuropsychologique est une démarche raisonnée s'appuyant sur des modèles scientifiques du fonctionnement cognitif de l'être humain.
