Just an Average Joe Joe E. Gonzalez, 2005-06 I have toyed and struggled with the thought of compiling this book for a long time almost 35 years in fact Since graduating from West Point in 1974 I have visited over forty countries in my military and business career Everywhere I've been I have looked for articles or stories that I could include in this book Many short stories came from friends and sources marked Unknown This book is dedicated to young people everywhere and written for their benefit I realize that many young people today would rather buy a CD or DVD rather than a guidebook or an owner's manual a book about how to improve their lives from just an average Joe Some young people will only get this book if a parent grandparent aunt uncle or probation officer gives it to them as a gift I hope it is a gift worth keeping and sharing Today young people struggle with finding good examples of role models My first role model was David Cortez while attending Rhodes Junior High School in San Antonio Texas David was a ninth grader and our Student Council President He helped me with my successful political campaign to be the next Student Council Secretary I thought David walked on water David came from a strong family He was smart athletic and good looking He had a beautiful girlfriend David's story has a sad ending He went on to Jefferson High where he also excelled He married his girlfriend the girl of his dreams A few years later she tragically died in a car accident Not much later in life David still a widower died of a mysterious illness leaving behind two young daughters Parents should be their own kids role models but sometimes we too fall short of setting the good example for our kids Parents lose credibility and respect because from their kids perspective it seems like we were never young and rebellious HELLO We were It is hard to believe but we were and it was tough back then too It may actually be harder now in many ways more distractions more toys more peer pressure more drugs more gang violence more graffiti more sexual promiscuity more TV more video games and cyberspace but less family interaction and influence Teachers who genuinely care about their students future success are also rare Teachers can be excellent role models and I applaud anyone who goes into this most honorable profession In the business world prudence is ignored and now takes a backseat to personal gain at any cost recklessness corruption and greed in some of our largest banks and corporations In politics the candidates tell the electorate what's popular rhetoric who can be against better healthcare for all better education for our children and a strong defense Once elected or defeated they find it difficult to work with the opposition for the benefit of our communities and nation Today's politicians are no longer statesmen but socialists bent on ridiculous spending programs and bailouts of

mismanaged banks companies and corrupt governments around the world at an exorbitant cost to American taxpayers Having said all this I am still optimistic about our country and about many of our youth and their positive impact on our society and our world I wish I could say that I am optimistic about all of them but unfortunately it will be just a few of them that will make a difference But these few will be the leaders of tomorrow the peacemakers the inventors the farmers the space explorers the scientists the teachers and the caregivers that will make all the difference in our world Their answers to our world's problems and challenges will come from within from a strong sense of leadership character and responsibility self discipline and respect for self the unborn the elderly religious freedoms strong families authority and the environment This book attempts to inspire motivate more of to My Men Too Mira Peck,2016-03-08 It is 1973 as a plane soars into the clouds above Amsterdam and heads for New York City Aboard are Alina Sherwin and her American husband Wayne Alina's aspiration is nothing less than happiness but her enthusiasm is marred by the fear of another career failure Her worries are justified Alina the first female chemical engineer in Australia has yet to find employment in her profession Thankfully it does not take long before America feels like home to Alina As she is finally propelled into the executive ranks by supportive colleagues she uses her influence to elevate skilled workers who do not fit the standard profile But when her modernization efforts place her in the path of powerful enemies she must fight to preserve her legacy Meanwhile her husband's insistence on an open marriage compels her to leave him and they both attempt to build new lives Their love is still very much alive but is it powerful enough to bring them back together My Men Too continues the international adventures of an intrepid woman in her quest for personal fulfillment and a more just society Boundless Ismée Williams,Rebecca Balcárcel,2023-06-13 With twenty stories that center and celebrate the multiracial and multicultural experience from your favorite award winning and bestselling authors this is a groundbreaking anthology perfect for fans of COME ON IN and BLACK ENOUGH When identities cross boundaries with love that knows no bounds From platonic and romantic love to grief and heartbreak these stories explore navigating life at the intersection of identities and what it means to grow up surrounded by a multitude of traditions languages cultures and interpersonal dynamics Returning to a father's homeland Trying to fit in at chaotic weddings and lavish birthday parties where not all are welcome Processing grief at family gatherings Figuring out how to share the news of a new relationship with loved ones This collection celebrates multicultural and multiracial characters at the helm of their own narratives as they approach life with a renewed sense of hope and acceptance Featuring original stories from Adi Alsaid Rebecca Balcárcel Akemi Dawn Bowman Anika Fajardo Shannon Gibney I W Gregorio Veera Hiranandani Nasugra Rainey Hopson Emiko Jean Erin Entrada Kelly Torrey Maldonado M lina Mangal Goldy Moldavsky Randy Ribay Loriel Ryon Tara Sim Eric Smith Jasmine Warga Ism e Williams Karen Yin The Concise New Partridge Dictionary of Slang and Unconventional English Terry Victor,Tom Dalzell,2007-12 Reviews of the two volume New Partridge Dictionary of Slang and Unconventional English 2005 The king is dead Long live the king The old Partridge is not really dead

World War 2 Allan Cole,2018-02-22 This is a fine World War 2 era historical novel based on Allan Cole's family experiences set in Florida on the Home Front Nazi submarine attacks off the coast are but the start of the problems for local residents But human will to overcome obstacles in the face of adversity will surely save the day won't it The author writes Between February and May of 1942 German U boats operated with impunity off the Florida coast sinking nearly two dozen freighters from Cape Canaveral to Key West and killing five thousand people Residents were horrified witnesses of the attacks the night skies were aflame and in the morning the beaches were covered with oil and tar ship parts and charred corpses The Germans even landed teams of saboteurs charged with disrupting war efforts in the factories of the North This novel is based on those events For my own purposes I set the tale in the fictitious town of Juno Beach on the banks of the equally fictitious Seminole River all in the very real Palm Beach County a veritable wilderness in those long ago days Among the witnesses were my grandfather and grandmother who operated an orchard and ranch in the area
