the curriculum without spending sufficient time for true learning or mastery Active learning Con tate carefully balances a mix of inductive and explicit vocabulary and grammar presentations applying the concept of desirable difficulty throughout This leads students to discover and retain the language and avoids the common type of presentations that only allow for passive learning Integration of culture Language is culture and culture is language This central idea shapes the way culture is treated in Con tate not as something separate from the language acquisition process but as something that is integral to the process Students acquire cultural knowledge and understanding in a natural way as they learn how the language is used within the rich and diverse Spanish speaking world
