Reinterpreting the Spanish American Essay Doris Meyer, 2010-06-25 Latin American women have long written essays on topics ranging from gender identity and the female experience to social injustice political oppression lack of educational opportunities and the need for female solidarity in a patriarchal environment But this rich vein of writing has often been ignored and is rarely studied This volume of twenty one original studies by noted experts in Latin American literature seeks to recover and celebrate the accomplishments of Latin American women essayists Taking a variety of critical approaches the authors look at the way women writers have interpreted the essay genre molded it to their expression and created an intellectual tradition of their own Some of the writers they treat are Flora Tristan Gertrudis Gomez de Avellaneda Clorinda Matto de Turner Victoria Ocampo Alfonsina Storni Rosario Ferr Christina Peri Rossi and Elena Poniatowska This book is the first of a two volume project that reexamines the Latin American essay from a feminist perspective The second volume also edited by Doris Meyer contains thirty six essays in translation by twenty two women authors

Spanish Learner Corpus Research Margarita Alonso-Ramos, 2016-12-16 The aim of this book is to present a comprehensive picture of the current state of Spanish learner corpus research SLCR which makes it unique since no other monograph has focused on collecting research dealing with learner corpora of any language other than English In addition to an introductory appraisal of current SLCR as well as a wake up call reminding us that learner corpus design still needs to be improved this volume features a selection of original studies ranging from general issues concerning learner corpora compilation to more specific aspects such as phonetic lexical grammatical and pragmatic features of the interlanguage of learners of Spanish as reflected in corpus data This volume will undoubtedly be of significant interest to researchers involved in corpus linguistics second language acquisition research as well as to professionals in the field of Spanish as a second language including teachers and creators and publishers of teaching materials

The Formation of the Child in Early Modern Spain Grace E. Coolidge, 2016-03-16 Drawing on history literature and art to explore childhood in early modern Spain the contributors to this collection argue that early modern Spaniards conceptualized childhood as a distinct and discrete stage in life which necessitated special care and concern The volume contrasts the didactic use of art and literature with historical accounts of actual children and analyzes children in a wide range of contexts including the royal court the noble family and orphanages The volume explores several interrelated questions that challenge both scholars of Spain and scholars specializing in childhood How did early modern Spaniards perceive childhood In what framework literary artistic did they think about their children and how did they visualize those children's roles within the family and society How do gender and literary genres intersect with this concept of childhood How did ideas about childhood shape parenting parents and adult life in early

modern Spain How did theories about children and childhood interact with the actual experiences of children and their parents The group of international scholars contributing to this book have developed a variety of creative interdisciplinary approaches to uncover children's lives the role of children within the larger family adult perceptions of childhood images of children and childhood in art and literature and the ways in which children and childhood were vulnerable and in need of protection Studying children uncovers previously hidden aspects of Spanish history and allows the contributors to analyze the ideals and goals of Spanish culture the inner dynamics of the Habsburg court and the vulnerabilities and weaknesses that Spanish society fought to overcome

The Economic History of Nuclear Energy in Spain M.d.Mar Rubio-Varas, Joseba De la Torre, 2017-11-10 This book analyses the economic history of the nuclear program in Spain from its inception in the 1950s to the nuclear moratorium in the early 1980s and investigates the economic financial and business origins of atomic energy in Spain The actual dimension of the Spanish nuclear sector which exceeded the relative economic and political clout of the country at the time reflects the combination of domestic and foreign interests Each contribution inserts the Spanish case within the international development of nuclear energy but also shows how the Spanish nuclear program came about how it was financed and who the main architects and beneficiaries at the industrial financial commercial and banking levels were all without losing sight of the energy policy aspects such as energy mix and energy security The volume provides useful analysis and sources for a variety of core fields across the social sciences including economic history of post war Europe industrial and energy policy international relations and history of technology
