**Essays: De Rerum Natura** Gregory Blotnick, 2025-08-20 A raw unflinching collection of essays on pain, discipline, redemption, and the inner war every man must fight in rebuilding himself. In *Essays De Rerum Natura*, Gregory Blotnick takes readers on a searing journey through the depths of the human condition, exploring suffering, forgiveness, and the constant tension between failure and renewal. With hard-earned wisdom and philosophical depth, he champions relentless personal accountability not as a form of penance but as the only true path to freedom. Blotnick writes not as a guide but as a fellow traveler through the dark night of the soul, sharing lessons forged in the fires of personal collapse. In this collection of thirty essays, he weaves these reflections with the timeless insights of thinkers like Pascal, Schopenhauer, Seneca, Nietzsche, and Plutarch, creating a powerful blend of lived experience and enduring wisdom. Part memoir, part philosophical guide, and part spiritual reckoning, *Essays De Rerum Natura* is a blueprint for rebuilding after defeat. Above all, it is a clarion call for readers to keep showing up to life, holding firm in their own self-belief as they transform suffering into strength. 100% of book proceeds are donated to the American Foundation for Suicide Prevention (AFSP).

engage with and critique media and gender at a political level The default maleness of narratives in media are reworked to be inclusive of other points of view Regendering as an adaptational technique relies on audience familiarity with existing works however it also reveals an increasing trend in aggressive backlash against interpretations of media that include marginalised and minority communities Combining analysis of fanfiction television and big budget Hollywood productions Media and Gender Adaptation also analyses fan responses to regendering in popular media Through demographic surveys and interviews with fans creators and broader audiences a combination of playful and serious attitudes to gender are revealed to be part of how transformative fans professional or not adapt work Specific fanfiction examples are analysed alongside professional works to reveal the depth and breadth of fannish play in regendered work and the constraints that professional adaptations are held to It also reveals a schism in audiences and those researching media where the intersection of gender and race are sites of tension nostalgia combining with expected representation of gender and race to create an aggressive defence of an original work that reiterates the mainstream hierarchies of gender and race
